1. INTRODUCTION

This Prospectus contains information about Kersio Lux that a prospective investor should consider before investing in the Fund and should be retained for future reference.

The Fund is a public limited company (*société anonyme*) incorporated under the laws of the Grand Duchy of Luxembourg as an investment company with variable share capital (*société d'investissement à capital variable*). The Fund is subject to Part I of the Luxembourg law of 17 December 2010 relating to undertakings for collective investment, as amended or supplemented from time to time.

The Fund has been authorised by the *Commission de Surveillance du Secteur Financier* (CSSF) which is the Luxembourg supervisory authority of the financial market. However, such authorisation does not require the CSSF to approve or disapprove either the adequacy or accuracy of this Prospectus or the portfolio of assets held by the Fund. Any declaration to the contrary should be considered as unauthorised and illegal.

The Fund is a single legal entity incorporated as an umbrella fund comprised of separate Sub-Funds. Shares in the Fund are shares in a specific Sub-Fund. The Fund may issue Shares of different Share Classes in each Sub-Fund. Such Share Classes may each have specific characteristics. Certain Share Classes may be reserved to certain categories of investors. Investors should refer to the Supplement for further information on characteristics of Share Classes.

The Fund has been incorporated in Luxembourg on 25 April 2017. The Fund is registered with the Luxembourg Trade and Companies Register under number B214367. The latest version of the Articles of Association was published in the *Recueil Electronique des Sociétés et Associations* of the Grand-Duchy of Luxembourg (*RESA*) on 3 May 2017.

Neither delivery of the Prospectus nor anything stated herein should be taken to imply that any information contained herein is correct as of any time subsequent to the date hereof. The Prospectus does not constitute an offer to sell or a solicitation of an offer to buy any Shares in any jurisdiction in which such offer, solicitation or sale would be unlawful or to any person to whom it is unlawful to make such offer, solicitation or sale.

The information contained in this Prospectus is supplemented by the financial statements and further information contained in the latest Annual Report and Semi-Annual Report of the Fund, copies of which may be requested free of charge at the registered office of the Fund and on www.kersio.com and www.fundinfo.com

No distributor, agent, salesman or other person has been authorised to give any information or to make any representation other than those contained in the Prospectus and in the documents referred to herein in connection with the offer of Shares and, if given or made, such information or representation must not be relied upon as having been authorised.

The Board of Directors has taken all reasonable care to ensure that the facts stated herein are true and accurate in all material respects and that there are no material facts the omission of which would make misleading any statement herein, whether of fact or opinion. The Board of Directors accepts responsibility accordingly.

The distribution of the Prospectus and/or the offer and sale of the Shares in certain jurisdictions or to certain investors may be restricted or prohibited by law. No Shares may be acquired or held by, on behalf or for the account or benefit of, Prohibited Persons. In particular, the Board of Directors has decided that US Persons would be considered as Prohibited Persons.

The Fund must comply with applicable international and Luxembourg laws and regulations regarding the prevention of money laundering and terrorist financing. In particular, anti-money laundering measures in force in the Grand Duchy of Luxembourg require the Fund or its agent to establish and verify the identity of subscribers for Shares (as well as the identity of any intended beneficial owners of the Shares if they are not the subscribers) and the origin of subscription proceeds and to monitor the relationship on an ongoing basis. Failure to provide information or documentation may result in delays in, or rejection of, any subscription or conversion application and/or delays in any redemption application.

An investment in the Shares is only suitable for investors who have sufficient knowledge, experience and/or access to professional advisers to make their own financial, legal, tax and accounting evaluation of the risks of an investment in the Shares and who have sufficient resources to be able to bear any losses that may result from an investment in the Shares. Investors should consider their own personal circumstances and seek additional advice from their financial adviser or other professional adviser as to possible financial, legal, tax and accounting consequences which they might encounter under the laws of the countries of their citizenship, residence, or domicile and which might be relevant to the subscription, purchase, holding, redemption, conversion or disposal of the Shares of the Fund.

THE VALUE OF THE SHARES MAY FALL AS WELL AS RISE AND AN INVESTOR MAY NOT GET BACK THE AMOUNT INITIALLY INVESTED. INVESTING IN THE FUND INVOLVES RISK INCLUDING THE POSSIBLE LOSS OF CAPITAL.

3. DEFINITIONS

1915 Law	the Luxembourg law of 10 August 1915 on commercial companies, as may be amended from time to time.
1993 Law	the Luxembourg law of 5 April 1993 on the financial sector, as may be amended from time to time.
2004 Law	the Luxembourg law of 12 November 2004 on the fight against money laundering and terrorist financing, as may be amended from time to time.
2010 Law	the Luxembourg law of 17 December 2010 relating to undertakings for collective investment, as may be amended from time to time.
Administration Agreement	the agreement entered into between the Fund, the Management Company and the Administrator governing the appointment of the Administrator, as may be amended or supplemented from time to time.
Administrator	the central administration, registrar and transfer agent appointed by the Management Company and the Fund in accordance with the provisions of the 2010 Law and the Administration Agreement, as identified in the Directory.
Anti-Dilution Levy	is defined in section 8.2 (Valuation procedure) of this Prospectus.
Anti-Dilution Threshold	is defined in section 8.2 (Valuation procedure) of this Prospectus.
Annual Report	the report issued by the Fund as of the end of the latest financial year in accordance with the 2010 Law.
Articles of Association	the articles of association of the Fund, as may be amended from time to time.
Board of Directors	the board of directors of the Fund.
Business Day	any day on which banks are open the whole day for non-automated business in Luxembourg and in such other countries or cities as may be specified for a Sub-Fund or Share Class in a Supplement.
Capitalisation Shares	Shares with respect to which the Fund does not intend to distribute dividends.
Code of Conduct	the code of conduct adopted by the Board of Directors on the basis of the corporate governance principles issued by the Association of the Luxembourg Fund Industry, as may be amended or supplemented from time to time.

Conversion Day	the day or days on which Original Shares may be converted into New Shares, being a day which is a Redemption Day for the Original Shares and, if that day is not a Subscription Day for the New Shares, the day which is the immediately following Subscription Day for the New Shares, provided that the Cut-Off Time for a Conversion Day shall be the earlier of the Cut-Off Time for redemption of the Original Shares on that Redemption Day and the Cut-Off Time for subscription to the New Shares on that Subscription Day. For the avoidance of doubt, the Conversion Day may be a different day for the Original Shares and the New Shares
Conversion Fee	a fee which the Fund may charge upon conversion of Shares and which is equal to the positive difference, if any, between the Subscription Fee applicable to the New Shares and the Subscription Fee paid on the Original Shares, or such lower amount as specified for each Share Class in the Supplement, where applicable.
Conversion Form	the forms and other documents, as issued or accepted by the Fund from time to time, which the Fund requires the investor or the person acting on behalf of the investor to complete, sign, and return to the Fund or its agent, with the supporting documentation, in order to request the conversion of all or part of his Shares. The term "Conversion Form" shall be deemed to include conversion applications placed on electronic or other online trading platforms authorised by the Fund for such purposes.
CRS	the Common Reporting Standard, within the meaning of the Standard for Automatic Exchange of Financial Account Information in Tax Matters developed by the Organization for Economic Co-Operation and Development, as set out in the Luxembourg law on the Common Reporting Standard.
CRS Law	the Luxembourg law dated 18 December 2015 implementing the Directive 2014/107/EU of 9 December 2014 as regards mandatory automatic exchange of information in the field of taxation, as amended or supplemented from time to time.
CSSF	the <i>Commission de Surveillance du Secteur Financier</i> , the Luxembourg supervisory authority of the financial sector.
Cut-Off Time	for any Subscription Day, Redemption Day or Conversion Day, the day and time by which an application for subscription, redemption or conversion, as applicable, must in principle be received by the Fund in order for the application to be processed, if accepted, by reference to the Net Asset Value per Share calculated as of that Subscription Day, Redemption Day or Conversion Day, as applicable. The Cut-Off Time is specified for each Sub-Fund or Share Class in the Supplement.
Depository	the depository bank appointed by the Fund in accordance with the provisions of the 2010 Law and the Depository Agreement, as identified in the Directory.

Depository Agreement	the agreement entered into between the Fund and the Depository governing the appointment of the Depository, as may be amended or supplemented from time to time.
Directive 2005/60/EC	Directive 2005/60/EC of the European Parliament and of the Council of 26 October 2005 on the prevention of the use of the financial system for the purpose of money laundering and terrorist financing as may be amended from time to time.
Directive 2013/34/EU	Directive 2013/34/EU of the European Parliament and of the Council of 26 June 2013 on the annual financial statements, consolidated financial statements and related reports of certain types of undertakings, amending Directive 2006/43/EC of the European Parliament and of the Council and repealing Council Directives 78/660/EEC and 83/349/EEC, as may be amended from time to time.
Directive 2013/36/EU	Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, amending Directive 2002/87/EC and repealing Directives 2006/48/EC and 2006/49/EC, as may be amended from time to time.
Distribution Shares	Shares with respect to which the Fund intends to distribute dividends and which confer on their holder the right to receive such dividends, if and when declared by the Fund.
Distributors	intermediaries appointed by the Fund or the Management Company to distribute the Shares.
Eligible Investor	an investor who satisfies all additional eligibility requirements for a specific Sub-Fund or Share Class, as specified for the Sub-Fund or Share Class in the Supplement.
ESMA	the European Securities and Markets Authority.
EU	the European Union.
EUR	the lawful currency of the Member States of the European Union that adopt the single currency in accordance with the Treaty establishing the European Community, as amended by the Treaty on European Union.
FATCA	the provisions of the United States Hiring Incentives to Restore Employment (HIRE) Act of 18 March 2010 commonly referred to as the Foreign Account Tax Compliance Act (FATCA).
Feeder Fund	as the context indicates, a Sub-Fund or another UCITS or sub-fund thereof qualifying as a feeder fund in the meaning of the 2010 Law.
Fund	Kersio Lux.

Institutional Investor	an institutional investor as defined by the administrative practice of the CSSF.
Investment Management Agreement	the agreement entered into between the Fund, the Management Company and the Investment Manager governing the appointment of the Investment Manager, as may be amended or supplemented from time to time.
Investment Manager	the investment manager appointed by the Management Company and the Fund in accordance with the provisions of the 2010 Law and the Investment Management Agreement, as identified in the Directory.
Investment Manager Fee	the fee payable by the Fund to the Investment Manager under the Investment Management Agreement, as described in section 9.3 (Investment Manager Fee) of this Prospectus.
Management Company	the management company appointed by the Fund in accordance with the provisions of the 2010 Law and the Management Company Agreement, as identified in the Directory.
Management Company Agreement	the agreement entered into between the Fund and the Management Company governing the appointment of the Management Company, as may be amended or supplemented from time to time.
Management Fee	the fee payable by the Fund to the Management Company under the Management Company Agreement, as described in section 9.2 (Management Company Fee) of this Prospectus.
Master Fund	as the context indicates, a Sub-Fund or another UCITS or sub-fund thereof qualifying as a master fund in the meaning of the 2010 Law.
MiFID	Directive 2004/39/EC of the European Parliament and of the Council of 21 April 2004 on markets in financial instruments, as may be amended from time to time.
Money Market Instrument	instruments normally dealt in on the money market which are liquid and have a value which can be accurately determined at any time.
Net Asset Value	as the context indicates, the net asset value of the Fund, a Sub-Fund, or a Share Class determined in accordance with the provisions of this Prospectus.
Net Asset Value per Share	the Net Asset Value of a Share Class in a Sub-Fund divided by the total number of Shares of that Share Class which are in issue as of the Valuation Day for which the Net Asset Value per Share is calculated.
New Shares	Shares described in section 7.6 (Conversion of Shares) of this Prospectus.
OECD	the Organisation for Economic Cooperation and Development.

Original Shares	Shares described in section 7.6 (Conversion of Shares) of this Prospectus.
Paying Agent	the paying agent appointed by the Fund, as identified in the Directory.
Performance Fee	the fee which may be payable to the Investment Manager depending on the performance of certain Sub-Funds or Share Classes, where applicable, as described in section 9.4 (Performance Fee) of this Prospectus.
Prohibited Person	any person considered as a Prohibited Person in the opinion of the Board of Directors according to the criteria set out in the Articles of Association and section 7.10 (Prohibited Persons) of the Prospectus.
Prospectus	this prospectus including all Supplements, as may be amended from time to time.
Redemption Day	a Valuation Day on which Shares may be redeemed by the Fund at a Redemption Price determined by reference to the Net Asset Value per Share calculated as of that Valuation Day. Redemption Days are specified for each Sub-Fund or Share Class in the Supplement.
Redemption Fee	a fee which the Fund may charge upon redemption of Shares, equal to a percentage of the Redemption Price or such other amount specified for each Sub-Fund or Share Class in the Supplement, where applicable.
Redemption Form	the forms and other documents, as issued or accepted by the Fund from time to time, which the Fund requires the investor or the person acting on behalf of the investor to complete, sign, and return to the Fund or its agent, with the supporting documentation, in order to request the redemption of all or part of his Shares. The term "Redemption Form" shall be deemed to include redemption applications placed on electronic or other online trading platforms authorized by the Fund for such purposes.
Redemption Price	the price at which the Fund may redeem Shares on a Redemption Day, as determined for each Sub-Fund or Share Class on the basis of the Net Asset Value per Share as of that Redemption Day and in accordance with the provisions of this Prospectus.
Redemption Settlement Period	the period of time, as specified for each Sub-Fund or Share Class in the Supplement, by the end of which the Fund will normally pay the Redemption Price (less any Redemption Fee) to redeeming investors, subject to the further provisions of this Prospectus.

Reference Currency	as the context indicates, (i) in relation to the Fund, the Euro, or (ii) in relation to a Sub-Fund, the currency in which the assets and liabilities of the Sub-Fund are valued and reported, as specified in each Supplement, or (iii) in relation to a Sub-Fund or Share Class, the currency in which the Shares of that Sub-Fund or Share Class are denominated, as specified in each Supplement.
Regulated Market	a regulated market within the meaning of MiFID.
SICAR	investment company in risk capital (<i>société d'investissement en capital à risqué</i>).
Semi-Annual Report	the report issued by the Fund as of the first half of the current financial year in accordance with the 2010 Law.
SFDR	Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability-related disclosures in the financial services sector, as may be amended from time to time.
SFT Regulation	Regulation (EU) 2015/2365 on transparency of securities financing transactions and of reuse and amending Regulation (EU) No 648/2012, as may be amended from time to time.
Share Class	a class of Shares of a Sub-Fund created by the Board of Directors, as described in section 7.1 (Shares, Sub-Funds and Share Classes) of this Prospectus. For the purposes of this Prospectus, each Sub-Fund shall be deemed to comprise at least one Share Class.
Shares	shares of a Sub-Fund or Share Class issued by the Fund.
Sub-Fund	a sub-fund of the Fund, as described in section 7.1 (Shares, Sub-Funds and Share Classes) of this Prospectus.
Subscription Day	a Valuation Day on which investors may subscribe for Shares at a Subscription Price determined by reference to the Net Asset Value per Share calculated as of that Valuation Day. Subscription Days are specified for each Sub-Fund or Share Class in the Supplement.
Subscription Fee	a fee which the Fund may charge upon subscription for Shares, equal to a percentage of the Subscription Price or such other amount specified for each Sub-Fund or Share Class in the Supplement, where applicable.
Subscription Form	the forms and other documents, as issued or accepted by the Fund from time to time, which the Fund requires the investor or the person acting on behalf of the investor to complete, sign, and return to the Fund or its agent, with the supporting documentation, in order to make an initial and/or additional application for subscription to Shares. The term "Subscription Form" shall be deemed to include subscription applications placed on electronic or other online trading platforms authorised by the Fund for such purposes.

Subscription Price	the price at which investors may subscribe for Shares on a Subscription Day, as determined for each Sub-Fund or Share Class on the basis of the Net Asset Value per Share as of that Subscription Day and in accordance with the provisions of this Prospectus.
Subscription Settlement Period	the period of time by the end of which the subscriber is required to pay the Subscription Price (plus any Subscription Fee) to the Fund. The Subscription Settlement Period is specified for each Sub-Fund or Share Class in the Supplement.
Supplement	the supplement(s) to this Prospectus for each specific Sub-Fund, which form part of this Prospectus.
Sustainability Risk	an environmental, social or governance event or condition that, if it occurs, could cause an actual or a potential material negative impact on the value of the investments made by each Sub-Fund.
Swing Factor	is defined in section 8.2 (Valuation procedure) of this Prospectus.
Swing Threshold	is defined in section 8.2 (Valuation procedure) of this Prospectus.
Target Sub-Fund	a Sub-Fund into which another Sub-Fund has invested in accordance with the provisions of this Prospectus.
Taxonomy Regulation	Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 on the establishment of a framework to facilitate sustainable investment, and amending Regulation (EU) 2019/2088, as may be amended from time to time.
Transferable Security	shares in companies and other securities equivalent to shares in companies, bonds and other forms of securitised debt, and any other negotiable securities which carry the right to acquire any such transferable securities by subscription or exchange.
UCI	undertaking for collective investment within the meaning of Article 1(2)(a) and (b) of the UCITS Directive, being an open-ended undertaking with the sole object of collective investment of capital raised from the public, in accordance with the principle of risk-spreading, in transferable securities and other liquid financial assets.
UCITS	undertaking for collective investment in transferable securities.
UCITS Directive	Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS) (recast), as may be amended from time to time.
Valuation Day	a Business Day as of which the Net Asset Value per Share is calculated, as specified in the Supplement.

4. INVESTMENT STRATEGY AND RESTRICTIONS

Each Sub-Fund has a specific investment objective and policy described in its Supplement. The investments of each Sub-Fund must comply with the provisions of the 2010 Law. The investment restrictions and policies set out in this section apply to all Sub-Funds, without prejudice to any specific rules adopted for a Sub-Fund, as described in its Supplement where applicable. The Board of Directors may impose additional investment guidelines for each Sub-Fund from time to time, for instance where it is necessary to comply with local laws and regulations in countries where Shares are distributed. Each Sub-Fund should be regarded as a separate UCITS for the purposes of this section.

4.1 Authorised investments

4.1.1 The investments of each Sub-Fund must comprise only one or more of the following.

- (A) Transferable Securities and Money Market Instruments admitted to or dealt in on a Regulated Market.
- (B) Transferable Securities and Money Market Instruments dealt in on another market in a Member State that is regulated, operates regularly and is recognised and open to the public.
- (C) Transferable Securities and Money Market Instruments admitted to the official listing on a stock exchange in a Non-Member State (i.e. stock exchanges or other regulated markets in any country of the Americas, Europe, Africa, Asia and Oceania) or dealt in on another market in a Non-Member State which is regulated, operates regularly and is recognised and open to the public.
- (D) Recently issued Transferable Securities and Money Market Instruments, provided that the terms of issue include an undertaking that application will be made for admission to official listing on a stock exchange or dealing on a Regulated Market or another regulated market referred to in paragraphs (A) to (C) of this section, and that such admission is secured within one year of issue.
- (E) Units of UCITS or other UCI, whether or not established in a Member State, provided that the following conditions are satisfied:
 - (1) such other UCI are authorised under laws which provide that they are subject to supervision considered by the CSSF to be equivalent to that laid down in EU law, and that cooperation between authorities is sufficiently ensured;
 - (2) the level of protection for unitholders in such other UCI is equivalent to that provided for unitholders in a UCITS, and in particular that the rules on asset segregation, borrowing, lending, and uncovered sales of Transferable Securities and Money Market Instruments are equivalent to the requirements of the UCITS Directive;
 - (3) the business of the other UCI is reported in semi-annual and annual reports to enable an assessment of the assets and liabilities, income and operations over the reporting period; and
 - (4) no more than 10% of the assets of the UCITS or the other UCI whose acquisition is contemplated can, according to their constitutive

documents, be invested in aggregate in units of other UCITS or other UCI.

- (F) Deposits with credit institution which has its registered office in a Member State or a credit institution located in a third-country which is subject to prudential rules considered by the CSSF as equivalent to those laid down in EU law, which are repayable on demand or have the right to be withdrawn and maturing in no more than twelve months.
- (G) Financial derivative instruments, including equivalent cash-settled instruments, listed on a stock exchange or dealt in on a Regulated Market or another regulated market referred to in paragraphs (A) to (C) of this section, or financial derivative instruments dealt in over-the-counter (OTC) provided that:
 - (1) the underlying consists of assets covered by this section 4.1.1 including instruments with one or more characteristics of those assets, and/or financial indices, interest rates, foreign exchange rates or currencies, in which a Sub-Fund may invest according to its investment objective;
 - (2) the counterparties to OTC derivative transactions are institutions subject to prudential supervision, and belonging to the categories approved by the CSSF; and
 - (3) the OTC derivatives are subject to reliable and verifiable valuation on a daily basis and can be sold, liquidated or closed by an offsetting transaction at any time at their fair value at the initiative of the Fund.
- (H) Money Market Instruments other than those dealt in on a Regulated Market or dealt in on another market in a non-Member State which is regulated, operates regularly and is recognised and open to the public, provided that the issuer or the issuer of such instruments is itself regulated for the purpose of protecting investors and savings, and that such instruments are:
 - (1) issued or guaranteed by a central, regional or local authority or by a central bank of a Member State, the European Central Bank, the European Union or the European Investment Bank, a non-Member State or, in case of a federal State, by one of the members making up the federation, or by a public international body to which one or more Member States belong;
 - (2) issued by an undertaking any securities of which are listed on a stock exchange or dealt in on a Regulated Market or another regulated market referred to in paragraphs (A) to (C) of this section;
 - (3) issued or guaranteed by an establishment subject to prudential supervision, in accordance with criteria defined by EU law, or by an establishment which is subject to and complies with prudential rules considered by the CSSF to be at least as stringent as those laid down by EU law; or
 - (4) issued by other bodies provided that investments in such instruments are subject to investor protection equivalent to that set out in paragraphs (H)(1) to (H)(3) of this section and provided that the issuer is a company whose capital and reserves amount to at least EUR 10,000,000 and

which presents and publishes its annual accounts in accordance with Directive 2013/34/EU, is an entity which, within a group of companies which includes one or several listed companies, is dedicated to the financing of the group or is an entity which is dedicated to the financing of securitisation vehicles which benefit from a banking liquidity line.

- 4.1.2** Each Sub-Fund may invest up to 10% of its net assets in Transferable Securities and Money Market Instruments other than those identified in paragraphs (A) to (D) and (H) of this section.
- 4.1.3** Each Sub-Fund may hold ancillary liquid assets within a limit of 20% of its net assets. The above mentioned 20% limit shall only be temporarily breached for a period of time strictly necessary when, because of exceptionally unfavourable market conditions, circumstances so require and where such breach is justified having regard to the interests of the investors, for instance in highly serious circumstances. Liquid assets held to cover exposure to financial derivative instruments do not fall under this restriction. Bank deposits, money market instruments or money market funds that meet the criteria of Article 41(1) of the 2010 Law are not considered to be included in the ancillary liquid assets under Article 41 (2) b) of the 2010 Law. Ancillary liquid assets should be limited to bank deposits at sight, such as cash held in current accounts with a bank accessible at any time, in order to cover current or exceptional payments, or for the time necessary to reinvest in eligible assets provided under Article 41(1) of the 2010 Law or for a period of time strictly necessary in case of unfavourable market conditions. A Sub-Fund may not invest more than 20% of its net assets in bank deposits at sight made with a same body.
- 4.1.4** Each Sub-Fund may borrow up to 10% of its net assets on a temporary basis. Collateral arrangements to cover exposure to financial derivative instruments are not considered borrowings for the purposes of this restriction. Each Sub-Fund may also acquire foreign currency by means of a back-to-back loan.
- 4.1.5** The Fund may acquire movable and immovable property which is essential for the direct pursuit of its business. Each Sub-Fund may borrow up to 10% of its net assets for this purpose. However, the total amount of borrowing for this purpose and any borrowing on a temporary basis permitted by section 4.1.4 above may not exceed 15% of the net assets of the Sub-Fund.
- 4.1.6** Each Sub-Fund may invest into shares issued by other Sub-Funds of the Fund (called Target Sub-Funds) provided that, during the period of investment:
- (A) the Target Sub-Fund does not, in turn, invest in the investing Sub-Fund and no more than 10% of the net assets of the Target Sub-Fund may be invested in other Sub-Funds;
 - (B) the voting rights attached to such Shares of the Target Sub-Fund are suspended; and
 - (C) the value of such Shares of the Target Sub-Fund will not be taken into consideration for the calculation of the Net Asset Value of the Fund for the purposes of verifying the minimum threshold of net assets imposed by the 2010 Law.

4.2 Prohibited investments

- 4.2.1** The Sub-Funds may not acquire commodities or precious metals or certificates representing them or hold any option, right or interest therein. Investments in debt instruments linked to, or backed by the performance of, commodities or precious metals do not fall under this restriction.
- 4.2.2** Except as set out in section 4.1.5, the Sub-Funds may not invest in real estate or hold any option, right or interest in real estate. Investments in debt instruments linked to or backed by the performance of real estate or interests therein, or shares or debt instruments issued by companies which invest in real estate or interests therein, are not affected by this restriction.
- 4.2.3** The Sub-Funds may not grant loans or guarantees in favour of a third party. Such restriction will not prevent any Sub-Fund from investing in Transferable Securities, Money Market Instruments, units of UCITS or other UCI or financial derivative instruments referenced in section 4.1.1 which are not fully paid-up. Furthermore, such restriction will not prevent any Sub-Fund from entering into repurchase, reverse repurchase or securities lending transactions as described in section 4.6 (Efficient portfolio management techniques) below.
- 4.2.4** The Sub-Funds may not enter into uncovered sales of Transferable Securities, Money Market Instruments, units of UCITS or other UCI or financial derivative instruments referenced in section 4.1.1.

4.3 Risk diversification limits

- 4.3.1** If an issuer or body is a legal entity with multiple sub-funds or compartments where the assets of each sub-fund or compartment are exclusively reserved to the investors of that sub-fund or compartment and to those creditors whose claim has arisen in connection with the creation, operation and liquidation of that sub-fund or compartment, each sub-fund or compartment is to be considered as a separate issuer or body for the purpose of the application of the risk diversification rules.

Transferable Securities and Money Market Instruments

- 4.3.2** No Sub-Fund may purchase additional Transferable Securities or Money Market Instruments of any single issuer if, upon such purchase:
- (A) more than 10% of its net assets would consist of Transferable Securities or Money Market Instruments of such issuer; or
 - (B) the total value of all Transferable Securities and Money Market Instruments of issuers in which it invests more than 5% of its net assets would exceed 40% of its net assets.

- 4.3.3** The limit of 10% set out in section 4.3.2, paragraph (A) is increased to 25% in respect of qualifying debt securities which fall under the definition of covered bonds in point (1) of Article 3 of Directive (EU) 2019/2162 and for qualifying debt securities issued before 8 July 2022 by a credit institution which has its registered office in a Member State and which, under applicable law, is submitted to specific public control in order to protect the holders of such qualifying debt securities (“Covered Bonds”). In particular, the proceeds from the issue of Covered Bonds issued before 8 July 2022 must be invested, in accordance with applicable law, in assets which are capable of covering claims attached to such bonds until their maturity and which, in case of bankruptcy of the issuer, would be used on a priority basis for the repayment of principal and payment of accrued interest. To the extent a Sub-Fund invests more than 5% of its net assets in Covered Bonds, the total value of such investments may not exceed 80% of its net assets. Covered Bonds are not included in the calculation of the limit of 40% set out in section 4.3.2, paragraph (B).
- 4.3.4** The limit of 10% set out in section 4.3.2, paragraph (A) is increased to 35% in respect of Transferable Securities and Money Market Instruments issued or guaranteed by a Member State, by its local authorities, by any non-Member State or by a public international body of which one or more Member States are members. Such securities are not included in the calculation of the limit of 40% set out in section 4.3.2, paragraph (B).
- 4.3.5** Notwithstanding the limits set out above, each Sub-Fund is authorised to invest, in accordance with the principle of risk spreading, up to 100% of its net assets in Transferable Securities and Money Market Instruments issued or guaranteed by a Member State, by one of its local authorities, [by a member State of the OECD or the Group of Twenty (G20), by the Republic of Singapore, by the Hong Kong Special Administrative Region of the People’s Republic of China or by a public international body of which one or more Member States are members, provided that the Sub-Fund holds in its portfolio securities from at least six different issues and that securities from any issue do not account for more than 30% of the net assets of the Sub-Fund.

Financial derivative instruments and efficient portfolio management techniques

- 4.3.6** The counterparty risk exposure arising from OTC derivative transactions and efficient portfolio management techniques (as described below) undertaken with a single body for the benefit of a Sub-Fund may not exceed 10% of the net assets of the Sub-Fund where the counterparty is credit institution which has its registered office in a Member State or a credit institution located in a third-country which is subject to prudential rules considered by the CSSF as equivalent to those laid down in EU law, or 5% of its net assets in other cases.

Bank deposits

- 4.3.7** Each Sub-Fund may invest up to 20% of its net assets in deposits made with a single body.

Combined limits

- 4.3.8** Notwithstanding the individual limits set out in sections 4.3.2, 4.3.6 and 4.3.7, a Sub-Fund may not combine, where this would lead to an exposure of more than 20% of its net assets to a single body:

- (A) investments in Transferable Securities or Money Market Instruments issued by that body;
- (B) bank deposits made with that body; and
- (C) counterparty exposure arising from OTC financial derivative instruments and efficient portfolio management techniques (as described below) undertaken with that body.

4.3.9 The limits set out in sections 4.3.2 to 4.3.8 (with the exception of section 4.3.5) may not be combined: investments in Transferable Securities or Money Market Instruments, bank deposits, counterparty exposure arising from OTC financial derivative instruments and efficient portfolio management techniques, issued by or undertaken with, a single issuer or body, each in accordance with the limits set out in sections 4.3.2 to 4.3.8 (with the exception of section 4.3.5) may not exceed a total of 35% of the net assets of the Sub-Fund.

4.3.10 For the purposes of the combined limits set out in sections 4.3.8 and 4.3.9, issuers or bodies that are part of the same group of companies are considered as a single issuer or body. A group of companies comprises all companies which are included in the same group for the purposes of consolidated accounts, as defined in accordance with Directive 2013/34/EU or in accordance with recognised international accounting rules.

Index-replicating Sub-Funds

4.3.11 Without prejudice to the limits laid down in section 4.4 (Control limits) below, the limits set out in section 4.3.2 are raised to 20% for investments in Transferable Securities or Money Market Instruments issued by a single issuer where the investment objective of the Sub-Fund is to replicate the composition of a certain financial index of stock or debt securities which is recognised by the CSSF.

4.3.12 The limit of 20% set out in the preceding section is raised to 35% where that proves to be justified by exceptional market conditions, in particular in regulated markets where certain Transferable Securities or Money Market Instruments are highly dominant, provided that any investment up to this 35% limit is only permitted for a single issuer.

4.3.13 A financial index is an index which complies, at all times, with the following conditions: the composition of the index is diversified in accordance with the limits set out in sections 4.3.11 and 4.3.12, the index represents an adequate benchmark for the market to which it refers, and the index is published in an appropriate manner. These conditions are further specified in and supplemented by regulations and guidance issued by the CSSF from time to time.

Shares or units of UCITS or other UCI

4.3.14 If a Sub-Fund is permitted to invest in aggregate more than 10% of its net assets in units of UCITS or other UCI, as specified in its Supplement:

- (A) investments made in units of a single other UCITS or other UCI may not exceed 20% of the net assets of the Sub-Fund; and
- (B) investments made in units of other UCI may not, in aggregate, exceed 30% of the net assets of the Sub-Fund.

- 4.3.15** The underlying assets of the UCITS or other UCI into which a Sub-Fund invests do not have to be combined with any other direct or indirect investment of the Sub-Fund into such assets for the purposes of the limits set out in section 4.3 (Risk diversification limits) above.
- 4.3.16** If a Sub-Fund invests in units of UCITS or other UCI that are managed, directly or by delegation, by the Management Company or by any other company which is linked to the Management Company by common management or control, or by a substantial direct or indirect holding, the Management Company or other company may not charge subscription or redemption fees on account of the Sub-Fund's investment in the units of such UCITS and/or other UCI.
- 4.3.17** If a Sub-Fund invests a substantial proportion of its assets in UCITS or other UCI, the Supplement will disclose the maximum level of the management fees that may be charged both to the Sub-Fund itself and to the UCITS or other UCI in which it intends to invest. The Fund will disclose in the Annual Report the maximum proportion of management fees charged to both the Sub-Fund itself and the UCITS or other UCI in which the Sub-Fund invests.

Derogation

- 4.3.18** During the first six (6) months following its launch, a new Sub-Fund may derogate from the limits set out in this section 4.3 (Risk diversification limits) above, provided that the principle of risk-spreading is complied with.

4.4 Control limits

- 4.4.1** The Fund may not acquire such amount of shares carrying voting rights which would enable the Fund to exercise legal or management control or to exercise a significant influence over the management of the issuer.
- 4.4.2** The Fund may acquire no more than 10% of the outstanding non-voting shares of the same issuer.
- 4.4.3** The Fund may acquire no more than:
- (A) 10% of the outstanding debt securities of the same issuer;
 - (B) 10% of the Money Market Instruments of any single issuer; or
 - (C) 25% of the outstanding units of the same UCITS or other UCI.
- 4.4.4** The limits set out in section 4.4.3 may be disregarded at the time of acquisition if at that time the gross amount of the debt securities or Money Market Instruments or the net amount of the instruments in issue cannot be calculated.
- 4.4.5** The limits set out in sections 4.4.1 to 4.4.3 do not apply in respect of:
- (A) Transferable Securities and Money Market Instruments issued or guaranteed by a Member State or by its local authorities;
 - (B) Transferable Securities and Money Market Instruments issued or guaranteed by any non-Member State;

- (C) Transferable Securities and Money Market Instruments issued by a public international body of which one or more Member States are members;
- (D) shares in the capital of a company which is incorporated under or organised pursuant to the laws of a non-Member State provided that (i) such company invests its assets principally in securities issued by issuers having their registered office in that State, (ii) pursuant to the laws of that State a participation by the relevant Sub-Fund in the equity of such company constitutes the only possible way to purchase securities of issuers of that State, and (iii) such company observes in its investments policy the restrictions set out in section 4.3 (Risk diversification limits) above (with the exceptions of sections 4.3.5 and 4.3.11 to 4.3.13) and sections 4.4.1 to 4.4.3; and
- (E) shares held by the Fund in the capital of subsidiary companies which carry on the business of management, advice or marketing in the country where the subsidiary is established, in regard to the redemption of shares at the request of shareholders exclusively on its or their behalf.

4.5 Financial derivative instruments

4.5.1 General

Each Sub-Fund may use financial derivative instruments such as options, futures, forwards and swaps or any variation or combination of such instruments, for hedging or investment purposes, in accordance with the conditions set out in this section 4 and the investment objective and policy of the Sub-Fund, as set out in its Supplement. The use of financial derivative instruments may not, under any circumstances, cause a Sub-Fund to deviate from its investment objective.

Financial derivative instruments used by any Sub-Fund may include, without limitation, the following categories of instruments.

- (A) Options: an option is an agreement that gives the buyer, who pays a fee or premium, the right but not the obligation to buy or sell a specified amount of an underlying asset at an agreed price (the strike or exercise price) on or until the expiration of the contract. A call option is an option to buy, and a put option an option to sell.
- (B) Futures contracts: a futures contract is an agreement to buy or sell a stated amount of a security, currency, index (including an eligible commodity index) or other asset at a specific future date and at a pre-agreed price.
- (C) Forward agreements: a forward agreement is a customised, bilateral agreement to exchange an asset or cash flows at a specified future settlement date at a forward price agreed on the trade date. One party to the forward is the buyer (long), who agrees to pay the forward price on the settlement date; the other is the seller (short), who agrees to receive the forward price.
- (D) Interest rate swaps: an interest rate swap is an agreement to exchange interest rate cash flows, calculated on a notional principal amount, at specified intervals (payment dates) during the life of the agreement.
- (E) Swaptions: a swaption is an agreement that gives the buyer, who pays a fee or premium, the right but not the obligation to enter into an interest rate swap at a present interest rate within a specified period of time.

- (F) Credit default swaps: a credit default swap or CDS is a credit derivative agreement that gives the buyer protection, usually the full recovery, in case the reference entity or debt obligation defaults or suffers a credit event. In return the seller of the CDS receives from the buyer a regular fee, called the spread.
- (G) Total return swaps: a total return swap is an agreement in which one party (total return payer) transfers the total economic performance of a reference obligation to the other party (total return receiver). Total economic performance includes income from interest and fees, gains or losses from market movements, and credit losses.
- (H) Contracts for differences: a contract for differences or CFD is an agreement between two parties to pay the other the change in the price of an underlying asset. Depending on which way the price moves, one party pays the other the difference from the time the contract was agreed to the point in time where it ends.

Each Sub-Fund must hold at any time sufficient liquid assets to cover its financial obligations arising under financial derivative instruments used.

The global exposure of a Sub-Fund to financial derivative instruments and efficient portfolio management techniques may not exceed the Net Asset Value of the Sub-Fund, as further described in section 4.8 (Global exposure limits) below.

The exposure of a Sub-Fund to underlying assets referenced by financial derivative instruments, combined with any direct investment in such assets, may not exceed in aggregate the investment limits set out in section 4.3 (Risk diversification) above. However, to the extent a Sub-Fund invests in financial derivative instruments referencing financial indices (as described in section 4.5.3) the exposure of the Sub-Fund to the underlying assets of the financial indices do not have to be combined with any direct or indirect investment of the Sub-Fund in such assets for the purposes of the limits set out in section 4.3 (Risk diversification) above.

Where a Transferable Security or Money Market Instrument embeds a financial derivative instrument, the latter must be taken into account in complying with the risk diversification rules, global exposure limits and information requirements of this section 4 applicable to financial derivative instruments.

4.5.2 OTC financial derivative instruments

Each Sub-Fund may invest into financial derivative instruments that are traded 'over-the-counter' or OTC including, without limitation, total return swaps or other financial derivative instruments with similar characteristics, in accordance with its investment objective and policy and the conditions set out in this section 4. Such OTC financial derivative instruments will be safe-kept with the Depositary.

The counterparties to OTC financial derivative instruments will be selected among financial institutions from OECD member states subject to prudential supervision (such as credit institutions or investment firms) and specialised in the relevant type of transaction, being of good reputation and having a minimum rating of BBB. The identity of the counterparties will be disclosed in the Annual Report. The counterparties will have no discretion over the composition or management of the portfolio of the Sub-Fund or the underlying assets of the financial derivative instruments.

The Management Company uses a process for accurate and independent assessment of the value of OTC financial derivative instruments in accordance with applicable laws and regulations.

In order to limit the exposure of a Sub-Fund to the risk of default of the counterparty under OTC financial derivative instruments, the Sub-Fund may receive cash or other assets as collateral, as further specified in section 4.7 (Collateral policy) below.

4.5.3 Financial indices

Each Sub-Fund may use financial derivative instruments to replicate or gain exposure to one or more financial indices in accordance with its investment objective and policy. The underlying assets of financial indices may comprise eligible assets described in section 4.1 (Authorised investments) above and instruments with one or more characteristics of those assets, as well as interest rates, foreign exchange rates or currencies, other financial indices and/or other assets, such as commodities or real estate.

For the purposes of this Prospectus, a 'financial index' is an index which complies, at all times, with the following conditions: the composition of the index is sufficiently diversified (each component of a financial index may represent up to 20% of the index, except that one single component may represent up to 35% of the index where justified by exceptional market conditions), the index represents an adequate benchmark for the market to which it refers, and the index is published in an appropriate manner. These conditions are further specified in and supplemented by regulations and guidance issued by the CSSF from time to time.

4.6 Efficient portfolio management techniques

Each Sub-Fund may employ techniques and instruments (within the meaning of, and under the conditions set out in, applicable laws, regulations and CSSF circulars issued from time to time, in particular, but not limited to, circulars CSSF 08/356 and 14/592, ESMA guidelines 2014/937 and the SFT Regulation) relating to Transferable Securities and Money Market Instruments, such as securities lending, repurchase and reverse repurchase transactions, provided that such techniques and instruments are used for the purposes of efficient portfolio management. The use of such techniques and instruments should not result in a change of the declared investment objective of any Sub-Fund or substantially increase the stated risk profile of the Sub-Fund.

In order to limit the exposure of a Sub-Fund to the risk of default of the counterparty under a securities lending, repurchase or reverse repurchase transaction, the Sub-Fund will receive cash or other assets as collateral, as further specified in section 4.7 (Collateral policy) below.

Each Sub-Fund may incur costs and fees in connection with efficient portfolio management techniques. In particular, a Sub-Fund may pay fees to agents and other intermediaries, which may be affiliated with the Depositary or the Investment Manager to the extent permitted under applicable laws and regulations, in consideration for the functions and risks they assume. The amount of these fees may be fixed or variable. Information on direct and indirect operational costs and fees incurred by each Sub-Fund in this respect, as well as the identity of the entities to which such costs and fees are paid and any affiliation they may have with the Depositary or the Management Company, if applicable, will be available in the Annual Report. All revenues arising from efficient portfolio management techniques, net of direct and indirect operational costs and fees, will be returned to the Sub-Fund.

4.6.1 Securities lending

Securities lending transactions consist of transactions whereby a Sub-Fund will lend a security to a counterparty for an agreed fee. Where specified in its Supplement, a Sub-Fund may enter into securities lending transactions as lender of securities or instruments. The securities will be safe-kept with the Depositary. Securities lending transactions are, in particular, subject to the following conditions:

- (A) the counterparty must be a credit institution from an OECD member state subject to prudential supervision rules considered by the CSSF as equivalent to those prescribed by EU law, be of good reputation and have a minimum rating of BBB;
- (B) a Sub-Fund may only lend securities to a borrower either directly, through a standardised system organised by a recognised clearing institution or through a lending system organised by a financial institution subject to prudential supervision rules considered by the CSSF as equivalent to those provided by EU law and specialised in this type of transaction; and
- (C) a Sub-Fund may only enter into securities lending transactions provided that it is entitled at any time, under the terms of the agreement, to request the return of the securities lent or to terminate the agreement.

4.6.2 Repurchase and reverse repurchase transactions

Repurchase agreements consist in transactions whereby a Sub-Fund will sell securities to a counterparty and agree to buy them back from the counterparty at an agreed price in the future. Reverse repurchase agreements consist in transactions whereby a Sub-Fund will purchase securities from a counterparty and agree to sell them back to the counterparty at an agreed price in the future. Each Sub-Fund may also enter into transactions that consist in the purchase or sale of securities with a clause giving the counterparty or the Sub-Fund, as applicable, the right to repurchase the securities from the Sub-Fund or the counterparty, as applicable, at a price and term specified by the parties in their contractual arrangements. Such transactions are, in particular, subject to the following conditions:

- (A) the counterparty must be a credit institution from an OECD member state subject to prudential supervision rules considered by the CSSF as equivalent to those prescribed by EU law, be of good reputation and have a minimum rating of BBB; and
- (B) the Sub-Fund must be able, at any time, to terminate the agreement or recall the full amount of cash in a reverse repurchase agreement (on either an accrued basis or a mark-to-market basis) or any securities subject to a repurchase agreement. Fixed-term transactions that do not exceed seven days should be considered as arrangements on terms that allow the assets to be recalled at any time by the Sub-Fund.

4.7 Collateral policy

This section sets out the policy adopted by the Management Company for the management of collateral received for the benefit of each Sub-Fund in the context of OTC financial derivatives instruments and efficient portfolio management techniques (securities lending, repurchase and reverse repurchase transactions). All cash or assets received by a Sub-Fund in the context of efficient portfolio management techniques will be considered as collateral for the purposes of this section. Such collateral will be safe-kept with the Depositary.

4.7.1 Eligible collateral

Collateral received for the benefit of a Sub-Fund may be used to reduce its counterparty risk exposure if it complies with the conditions set out in applicable laws and regulations. In particular, collateral received for the benefit of a Sub-Fund should comply with the following conditions:

- (A) collateral other than cash should be of high quality, highly liquid and traded on a regulated market or multilateral trading facility with transparent pricing in order that it can be sold quickly at a price that is close to pre-sale valuation;
- (B) collateral should be valued at least on a daily basis and assets that exhibit high price volatility should not be accepted as collateral unless suitably conservative haircuts are in place, as further specified below;
- (C) collateral should be issued by an entity that is independent from the counterparty and is expected not to display a high correlation with the performance of the counterparty;
- (D) collateral should be sufficiently diversified in terms of country, markets and issuers. The maximum exposure of a Sub-Fund to any given issuer included in the basket of collateral received is limited to 20% of the Net Asset Value of the Sub-Fund. By way of derogation, this limit may be exceeded and up to 100% of the collateral received by a Sub-Fund may consist in Transferable Securities and Money Market Instruments issued or guaranteed by one or several Member States, their local authorities, member States of the OECD or the Group of Twenty (G20), by the Republic of Singapore, by the Hong Kong Special Administrative Region of the People's Republic of China or public international bodies to which one or more Member States belong, provided that such securities or instruments are part of a basket of collateral comprised of securities or instruments of at least six different issues and that securities or instruments from any one issue do not account for more than 30% of the Net Asset Value of the Sub-Fund.
- (E) where there is a title transfer, collateral received should be held by the Depositary. For other types of collateral arrangement, collateral can be held by a third party custodian which is subject to prudential supervision and which is unrelated to the provider of the collateral;
- (F) collateral should be capable of being fully enforced by the Fund at any time without reference to or approval from the counterparty.

Where applicable, collateral received should also comply with the control limits set out in section 4.4 (Control limits) above.

4.7.2 Level of collateral

The level of collateral required for OTC financial derivatives transactions and efficient portfolio management techniques will be determined as per the agreements in place with the individual counterparties, taking into account factors including the nature and characteristics of transactions, the creditworthiness and identity of counterparties and prevailing market conditions. At all times the counterparty exposure not covered by collateral will remain below the applicable counterparty risk limits set out in this Prospectus.

It is expected that the amount of collateral posted by a counterparty in favour of each Sub-Fund will be such that the net exposure of the relevant Sub-Fund to that counterparty arising

from OTC financial derivatives transactions and efficient portfolio management techniques is aimed to be zero percent (0%) of its Net Asset Value on each Valuation Day.

4.7.3 Haircut policy

Collateral will be valued, on a daily basis, using available market prices and taking into account appropriate discounts which will be determined for each asset class based on the haircut policy adopted by the Management Company. The policy takes into account a variety of factors, depending on the nature of the collateral received, such as the issuer’s credit standing, the maturity, currency, price volatility of the assets and, where applicable, the outcome of liquidity stress tests carried out under normal and exceptional liquidity conditions.

Asset classes eligible for collateral	Minimum Haircut (% deducted from the market value)
Cash	0%
Shares	15%
Bonds, notes and Money market paper	From 2% to 10% depending on the maturity
Investment fund units	5%

4.7.4 Stress tests

Where a Sub-Fund receives collateral for at least 30% of its assets, regular stress tests will be carried out under normal and exceptional liquidity conditions to assess the liquidity risk attached to the collateral. The liquidity stress testing policy includes, without limitation, (i) design of stress test scenario analysis including calibration, certification and sensitivity analysis; (ii) empirical approach to impact assessment, including back-testing of liquidity risk estimates; (iii) reporting frequency and limit/loss tolerance thresholds; and (iv) mitigation actions to reduce loss, including haircut policy and gap risk protection.

4.7.5 Reinvestment of collateral

Non-cash collateral received for the benefit of a Sub-Fund may not be sold, re-invested or pledged. Cash collateral received for the benefit of a Sub-Fund can only be:

- (A) placed on deposit with a credit institution which has its registered office in a Member State or a credit institution located in a third-country which is subject to prudential rules considered by the CSSF as equivalent to those laid down in EU law;
- (B) invested in high-quality government bonds;
- (C) used for the purpose of reverse repurchase transactions provided the transactions are with credit institutions subject to prudential supervision and the Fund is able to recall at any time the full amount of cash on accrued basis; and/or
- (D) invested in short-term money market funds as defined in the Guidelines on a Common Definition of European Money Market Funds issued by ESMA (CESR/10-049) as may be amended from time to time.

Re-invested cash collateral should be diversified in accordance with the diversification requirements applicable to non-cash collateral as set out above. Re-investment of cash

collateral involves certain risks for the Sub-Fund, as described in section 5 (General Risk Factors) below.

4.8 Global exposure limits

4.8.1 General

In accordance with Luxembourg laws and regulations, the Management Company has adopted and implemented a risk management process which enables it to monitor and measure at any time the risk of the positions and their contribution to the overall risk profile of the Sub-Fund.

The global exposure of a Sub-Fund to financial derivative instruments and efficient portfolio management techniques may not exceed the Net Asset Value of the Sub-Fund. Global exposure is calculated, at least on a daily basis, using either the commitment approach or the value-at-risk or "VaR" approach, as further explained below. Global exposure is a measure designed to limit either the incremental exposure and leverage generated by a Sub-Fund through the use of financial derivative instruments and efficient portfolio management techniques (where the Sub-Fund uses the commitment approach) or the market risk of the Sub-Fund's portfolio (where the Sub-Fund uses the VaR approach). The method used by each Sub-Fund to calculate global exposure is mentioned in its Supplement.

4.8.2 Commitment approach

Under the commitment approach, all financial derivative positions of the Sub-Fund are converted into the market value of the equivalent position in the underlying assets. Netting and hedging arrangements may be taken into account when calculating global exposure, where these arrangements do not disregard obvious and material risks and result in a clear reduction in risk exposure. Under this approach, the global exposure of a Sub-Fund is limited to 100% of its Net Asset Value.

4.8.3 VaR approach

In financial mathematics and financial risk management, VaR is a widely used risk measure of the risk of loss on a specific portfolio of financial assets. For a given investment portfolio, probability and time horizon, VaR measures the potential loss that could arise over a given time interval under normal market conditions, and at a given confidence level. The calculation of VaR is conducted on the basis of a one-sided confidence interval of 99% and a holding period of 20 days. The exposure of the Sub-Fund is subject to periodic stress tests.

VaR limits are set using an absolute or relative approach. The Management Company will decide which VaR approach is the most appropriate methodology given the risk profile and investment strategy of the Sub-Fund. The VaR approach selected for each Sub-Fund using VaR is specified in its Supplement.

The absolute VaR approach is generally appropriate in the absence of an identifiable reference portfolio or benchmark for the Sub-Fund (for instance, where the Sub-Fund has an absolute return target). Under the absolute VaR approach a limit is set as a percentage of the Net Asset Value of the Sub-Fund. Based on the above calculation parameters, the absolute VaR of each Sub-Fund is limited to 20% of its Net Asset Value. The Management Company may set a lower limit if appropriate.

The relative VaR approach is used for Sub-Funds where a leverage-free VaR benchmark or reference portfolio may be defined, reflecting the investment strategy of the Sub-Fund. The relative VaR of a Sub-Fund is expressed as a multiple of the VaR of the defined benchmark or

reference portfolio and is limited to no more than twice the VaR on that benchmark or reference portfolio. The VaR benchmark or reference portfolio of the Sub-Fund, which may be different from the benchmark used for other purposes, is specified in its Supplement.

4.9 Leverage

Unless otherwise indicated in its Supplement, a Sub-Fund may use leverage to increase its exposure through the use of financial derivative instruments. Leverage may be used at the discretion of the Investment Manager in accordance with the investment objective and policy of each Sub-Fund and its defined risk profile. Leverage involves certain risks for the Sub-Fund, as further described in section 5 (General Risk Factors) below. Leverage is monitored on a regular basis by the Management Company.

Under applicable laws and regulations, the level of leverage is defined as the sum of the absolute value of the notional amount of all financial derivative instruments used by the Sub-Fund, as well as any additional exposure generated by the reinvestment of cash collateral in relation to efficient portfolio management techniques. The expected level of leverage, expressed as a percentage of the Net Asset Value of the Sub-Fund, is disclosed for each Sub-Fund in its Supplement.

The “sum of notionals” methodology, which is mandatory under applicable laws and regulations, does not allow for the offset of hedging transactions and other risk mitigation strategies involving financial derivative instruments, such as currency hedging or duration management. Similarly, the “sum of notionals” methodology does not allow for the netting of derivative positions and does not take into account the underlying assets’ volatility or make any distinction between short term and long term assets. As a result, strategies that aim to reduce risks may contribute to an increased level of leverage for the Sub-Fund.

In order to take into account the specific use of financial derivative instruments and their contribution to the risks of the Sub-Fund, the expected level of leverage disclosed in the Supplement, based on the “sum of notionals” methodology, may be supplemented by expected leverage figures calculated on the basis of the commitment approach, as described above, which takes into account hedging and netting arrangements.

4.10 Breach of investment limits

The Sub-Funds need not comply with the limits set out above in this section 4 when exercising subscription rights attached to Transferable Securities and Money Market Instruments which form part of its assets.

If the limits set out above in this section 4 are exceeded for reasons beyond the control of the Fund or as a result of the exercise of subscription rights, the Fund must adopt as a priority objective in its sales transactions the remedying of that situation, taking due account of the interest of investors.

5. GENERAL RISK FACTORS

The performance of the Shares depends on the performance of the investments of the Sub-Fund, which may increase or decrease in value. The past performance of the Shares is not an assurance or guarantee of future performance. The value of the Shares at any time could be significantly lower than the initial investment and investors may lose a portion or even the entire amount originally invested.

Investment objectives express an intended result only. Unless otherwise specified in a Supplement, the Shares do not include any element of capital protection and the Fund gives no assurance or guarantee to any investors as to the performance of the Shares. Depending on market conditions and a variety of other factors outside the control of the Fund, investment objectives may become more difficult or even impossible to achieve. The Fund gives no assurance or guarantee to any investors as to the likelihood of achieving the investment objective of a Sub-Fund.

An investment in the Shares is only suitable for investors who have sufficient knowledge, experience and/or access to professional advisors to make their own financial, legal, tax and accounting evaluation of the risks of an investment in the Shares and who have sufficient resources to be able to bear any losses that may result from an investment in the Shares. Investors should consider their own personal circumstances and seek additional advice from their financial adviser or other professional adviser as to possible financial, legal, tax and accounting consequences which they might encounter under the laws of the countries of their citizenship, residence, or domicile and which might be relevant to the subscription, purchase, holding, redemption, conversion or disposal of the Shares of the Fund.

Investors should also carefully consider all of the information set out in this Prospectus and the Supplement of the Sub-Fund before making an investment decision with respect to Shares of any Sub-Fund or Share Class. The following sections are of general nature and describe certain risks that are generally relevant to an investment in Shares of any Sub-Fund or Share Class. Other risks may be described in the Supplement. This section and the Supplements do not purport to be a complete explanation of all risks involved in an investment in the Shares of any Sub-Fund or Share Class and other risks may also be or become relevant from time to time.

5.1 Market risk

Market risk is understood as the risk of loss for a Sub-Fund resulting from fluctuation in the market value of positions in its portfolio attributable to changes in market variables, such as general economic conditions, interest rates, foreign exchange rates, or the creditworthiness of the issuer of a financial instrument. This is a general risk that applies to all investments, meaning that the value of a particular investment may go down as well as up in response to changes in market variables. Although it is intended that each Sub-Fund will be diversified with a view to reducing market risk, the investments of a Sub-Fund will remain subject to fluctuations in market variables and the risks inherent in investing in financial markets.

5.1.1 Economic risk

The value of investments held by a Sub-Fund may decline in value due to factors affecting financial markets generally, such as real or perceived adverse economic conditions, changes in the general outlook for revenues or corporate earnings, changes in interest or currency rates, or adverse investor sentiment generally. The value of investments may also decline due to factors affecting a particular, industry, area or sector, such as changes in production costs and competitive conditions. During a general downturn in the economy, multiple asset classes may decline in value simultaneously. Economic downturn can be difficult to predict. When the

economy performs well, there can be no assurance that investments held by a Sub-Fund will benefit from the advance.

5.1.2 Interest rate risk

The performance of a Sub-Fund may be influenced by changes in the general level of interest rates. Generally, the value of fixed income instruments will change inversely with changes in interest rates: when interest rates rise, the value of fixed income instruments generally can be expected to fall and vice versa. Fixed income securities with longer-term maturities tend to be more sensitive to interest rate changes than shorter-term securities. In accordance with its investment objective and policy, a Sub-Fund may attempt to hedge or reduce interest rate risk, generally through the use of interest rate futures or other derivatives. In particular, Duration Hedged Share Classes seek to limit the impact of interest rate movements by reference to a specified duration. However, it may not be possible or practical to hedge or reduce such risk at all times.

5.1.3 Foreign exchange risk

Each Sub-Fund investing in securities denominated in currencies other than its Reference Currency may be subject to foreign exchange risk. As the assets of each Sub-Fund are valued in its Reference Currency, changes in the value of the Reference Currency compared to other currencies will affect the value, in the Reference Currency, of any securities denominated in such other currencies. Foreign exchange exposure may increase the volatility of investments relative to investments denominated in the Reference Currency. In accordance with its investment objective and policy, a Sub-Fund may attempt to hedge or reduce foreign exchange risk, generally through the use of derivatives. However, it may not be possible or practical to hedge or reduce such risk at all times.

In addition, a Share Class that is denominated in a Reference Currency other than the Reference Currency of the Sub-Fund exposes the investor to the risk of fluctuations between the Reference Currency of the Share Class and that of the Sub-Fund. Currency Hedged Share Classes seek to limit the impact of such fluctuations through currency hedging transactions. However, there can be no assurance that the currency hedging policy will be successful at all times. This exposure is in addition to foreign exchange risk, if any, incurred by the Sub-Fund with respect to investments denominated in other currencies than its Reference Currency, as described above.

5.1.4 Credit risk

Sub-Funds investing in fixed income instruments will be exposed to the creditworthiness of the issuers of the instruments and their ability to make principal and interest payments when due in accordance with the terms and conditions of the instruments. The creditworthiness or perceived creditworthiness of an issuer may affect the market value of fixed income instruments. Issuers with higher credit risk typically offer higher yields for this added risk, whereas issuers with lower credit risk typically offer lower yields. Generally, government debt is considered to be the safest in terms of credit risk, while corporate debt involves a higher credit risk. Related to that is the risk of downgrade by a rating agency. Rating agencies are private undertakings providing ratings for a variety of fixed income instruments based on the creditworthiness of their issuers. The agencies may change the rating of issuers or instruments from time to time due to financial, economic, political, or other factors, which, if the change represents a downgrade, can adversely impact the market value of the affected instruments.

5.1.5 Volatility

The volatility of a financial instrument is a measure of the variations in the price of that instrument over time. A higher volatility means that the price of the instrument can change significantly over a short time period in either direction. Each Sub-Fund may make investments in instruments or markets that are likely to experience high levels of volatility. This may cause the Net Asset Value per Share to experience significant increases or decreases in value over short periods of time.

5.1.6 Leverage

Leverage refers to the use of borrowed funds or financial derivative instruments to increase exposure to an asset in excess of the capital amount invested in that asset. Each Sub-Fund is subject to strict restrictions on borrowings which are generally not permitted for investment purposes. However, in accordance with its investment objective and policy, a Sub-Fund may use financial derivative instruments to gain additional market exposure to underlying assets in excess of its Net Asset Value, thereby creating a leverage effect. While leverage presents opportunities for increasing gains of a Sub-Fund, it also has the effect of potentially increasing losses incurred by the Sub-Fund. The maximum expected level of leverage of each Sub-Fund calculating its global exposure under the VaR approach is disclosed in the Supplement. For regulatory purposes, leverage must be calculated by reference to the gross notional amounts of the derivatives use. A relatively high notional amount may be required in order to achieve the desired level of exposure to the underlying assets. This may be the case in particular for short-term interest rate derivatives to the extent their sensitivity to interest rate changes is low relative to other assets.

5.2 Liquidity risk

Liquidity refers to the speed and ease with which investments can be sold or liquidated or a position closed. On the asset side, liquidity risk refers to the inability of a Sub-Fund to dispose of investments at a price equal or close to their estimated value within a reasonable period of time. On the liability side, liquidity risk refers to the inability of a Sub-Fund to raise sufficient cash to meet a redemption request due to its inability to dispose of investments. In principle, each Sub-Fund will only make investments for which a liquid market exists or which can otherwise be sold, liquidated or closed at any time within a reasonable period of time. However, in certain circumstances, investments may become less liquid or illiquid due to a variety of factors including adverse conditions affecting a particular issuer, counterparty, or the market generally, and legal, regulatory or contractual restrictions on the sale of certain instruments. In addition, a Sub-Fund may invest in financial instruments traded over-the-counter or OTC, which generally tend to be less liquid than instruments that are listed and traded on exchanges. Market quotations for less liquid or illiquid instruments may be more volatile than for liquid instruments and/or subject to larger spreads between bid and ask prices. Difficulties in disposing of investments may result in a loss for a Sub-Fund and/or compromise the ability of the Sub-Fund to meet a redemption request.

5.3 Counterparty risk

Counterparty risk refers to the risk of loss for a Sub-Fund resulting from the fact that the counterparty to a transaction entered into by the Sub-Fund may default on its contractual obligations. There can be no assurance that an issuer or counterparty will not be subject to credit or other difficulties leading to a default on its contractual obligations and the loss of all or part of the amounts due to the Sub-Fund. This risk may arise at any time the assets of a Sub-Fund are deposited, extended, committed, invested or otherwise exposed through actual or implied contractual agreements. For instance, counterparty risk may arise when a Sub-Fund has deposited cash with a financial institution, invests into debt securities and other fixed

income instruments, enters into OTC financial derivative instruments, or enters into securities lending, repurchase and reverse repurchase agreements.

5.4 Operational risk

Operational risk means the risk of loss for the Fund resulting from inadequate internal processes and failures in relation to people and systems of the Fund, the Management Company and/or its agents and service providers, or from external events, and includes legal and documentation risk and risk resulting from the trading, settlement and valuation procedures operated on behalf of the Fund.

5.4.1 Valuation

Certain Sub-Funds may hold investments for which market prices or quotations are not available or representative, or which are not quoted, listed or traded on an exchange or regulated market. In addition, in certain circumstances, investments may become less liquid or illiquid. Such investments will be valued at their probable realisation value estimated with care and in good faith by the Board of Directors using any valuation method approved by the Board of Directors. Such investments are inherently difficult to value and are the subject of substantial uncertainty. There is no assurance that the estimates resulting from the valuation process will reflect the actual sales or liquidation prices of investments.

5.4.2 Laws and regulations

The Fund may be subject to a number of legal and regulatory risks, including contradictory interpretations or applications of laws, incomplete, unclear and changing laws, restrictions on general public access to regulations, practices and customs, ignorance or breaches of laws on the part of counterparties and other market participants, incomplete or incorrect transaction documents, lack of established or effective avenues for legal redress, inadequate investor protection, or lack of enforcement of existing laws. Difficulties in asserting, protecting and enforcing rights may have a material adverse effect on the Sub-Funds and their operations.

5.4.3 FATCA

FATCA provisions and related intergovernmental agreements ("**IGAs**"), including the IGA entered into between the U.S. and Luxembourg on March 28th, 2014 implemented into Luxembourg law by the Law of 24 July 2015 relating to FATCA (the "**FATCA Law**"), generally require certain Financial Institutions ("**FIs**") to report information concerning U.S. persons' direct and indirect ownership of certain non-U.S. accounts and non-U.S. entities. Such reporting is either made directly to the U.S. Internal Revenue Service or, in the case of an applicable IGA, directly to the IGA partner jurisdiction. Failure to provide the requested information will lead to a 30% withholding tax applying to certain U.S. source income (including dividends and interest) and gross proceeds from the sale or other disposal of property that can produce U.S. source interest or dividends.

The basic terms of the U.S.-Luxembourg IGA and the FATCA Law currently appear to include the Fund as an FI, such that in order to comply, the Fund may require all shareholders to provide documentary evidence of their tax residence and all other information deemed necessary to comply with the above mentioned IGA.

Despite anything else herein contained and as far as permitted by Luxembourg law, the Fund shall have the right to in example:

- Require any shareholder or beneficial owner of the Shares to promptly furnish such personal data as may be required by the Fund in its discretion in order to comply with any law and/or to promptly determine the amount of withholding to be retained;

- Divulge any such personal information to any tax or regulatory authority, as may be required by law or such authority;
- Divulge any such personal information to any immediate payor of certain U.S. source income as may be required for withholding and reporting to occur with respect to the payment of such income;

Subscribers are informed that they are required to provide the Administrator of the Fund with such information as is specified in the application form to enable the Fund or the designated service provider to assess the status of subscribers under FATCA, in order for any subscription or subsequent subscription application to be accepted for any Sub-Fund. The Fund or the designated service provider may require subscribers to provide any additional document it deems necessary to effect such assessment.

In case of delay or failure by a subscriber to provide the documents required, the application for subscription may not be accepted. Neither the Fund nor the Administrator has any liability for delays or failure to process deals as a result of the subscriber providing no or only incomplete documentation.

Shareholders may be requested to provide additional or updated documents from time to time pursuant to ongoing client due diligence requirements under FATCA.

Investors should contact their own tax advisors regarding the application of FATCA to their particular circumstances.

5.4.4 CRS

Capitalized terms used in this section should have the meaning as set forth in the CRS Law, unless provided otherwise herein.

The Fund may be subject to the Standard for Automatic Exchange of Financial Account Information in Tax matters (the “**Standard**”) and its Common Reporting Standard (the “**CRS**”) as set out in the CRS-Law.

Under the terms of the CRS-Law, the Fund is likely to be treated as a Luxembourg Reporting Financial Institution. As such, as of 30 June 2017 and without prejudice to other applicable data protection provisions, the Fund will be required to annually report to the Luxembourg tax authority (the “**LTA**”) personal and financial information related, inter alia, to the identification of, holdings by and payments made to (i) certain investors qualifying as Reportable Persons and (ii) Controlling Persons of certain non-financial entities (“**NFEs**”) which are themselves Reportable Persons. This information, as exhaustively set out in Annex I of the CRS-Law (the “**Information**”), will include personal data related to the Reportable Persons.

The Fund’s ability to satisfy its reporting obligations under the CRS-Law will depend on each investor providing the Fund with the Information, along with the required supporting documentary evidence. In this context, the investors are hereby informed that, as data controller, the Fund will process the Information for the purposes as set out in the CRS-Law. The investors undertake to inform their Controlling Persons, if applicable, of the processing of their Information by the Fund.

The investors are further informed that the Information related to Reportable Persons within the meaning of the CRS-Law will be disclosed to the LTA annually for the purposes set out in the CRS-Law. In particular, Reportable Persons are informed that certain operations performed by them will be reported to them through the issuance of statements, and that part of this information will serve as a basis for the annual disclosure to the LTA.

Similarly, the investors undertake to inform the Fund within thirty (30) days of receipt of these statements should any included personal data be not accurate. The investors further undertake to inform the Fund within thirty (30) days of, and provide the Fund with all supporting

documentary evidence of any changes related to the Information after occurrence of such changes.

Any investor that fails to comply with the Fund's Information or documentation requests may be held liable for penalties imposed on the Fund and attributable to such investor's failure to provide the Information.

5.4.5 Segregation of Sub-Funds

The Fund is a single legal entity incorporated as an "umbrella fund" comprised of separate Sub-Funds. Under Luxembourg law, each Sub-Fund represents a segregated pool of assets and liabilities. By operation of the law, the rights and claims of creditors and counterparties of the Fund arising in respect of the creation, operation or liquidation of a Sub-Fund will be limited to the assets allocated to that Sub-Fund. However, while these provisions are binding in a Luxembourg court, these provisions have not been tested in other jurisdictions, and a creditor or counterparty might seek to attach or seize assets of a Sub-Fund in satisfaction of an obligation owed in relation to another Sub-Fund in a jurisdiction which would not recognise the principle of segregation of liability between Sub-Funds. Moreover, under Luxembourg law, there is no legal segregation of assets and liabilities between Share Classes of the same Sub-Fund. In the event that, for any reason, assets allocated to a Share Class become insufficient to pay for the liabilities allocated to that Share Class, the assets allocated to other Share Classes of the Sub-Fund will be used to pay for those liabilities. As a result, the Net Asset Value of the other Share Classes may also be reduced.

5.5 Certain financial instruments and investment techniques

5.5.1 OTC financial derivative instruments

In general, there is less government regulation and supervision of transactions in OTC markets than of transactions entered into on organised exchanges. OTC derivatives are executed directly with the counterparty rather than through a recognised exchange and clearing house. Counterparties to OTC derivatives are not afforded the same protections as may apply to those trading on recognised exchanges, such as the performance guarantee of a clearing house.

The principal risk when engaging in OTC financial derivative instruments (such as non-exchange traded options, forwards, swaps or contracts for difference) is the risk of default by a counterparty who has become insolvent or is otherwise unable or refuses to honour its obligations as required by the terms of the instrument. OTC derivatives may expose a Sub-Fund to the risk that the counterparty will not settle a transaction in accordance with its terms, or will delay the settlement of the transaction, because of a dispute over the terms of the contract (whether or not *bona fide*) or because of the insolvency, bankruptcy or other credit or liquidity problems of the counterparty. Counterparty risk is generally mitigated by the transfer or pledge of collateral in favour of the Sub-Fund.

Investments in OTC derivatives may be subject the risk of differing valuations arising out of different permitted valuation methods. Although the Fund has implemented appropriate valuation procedures to determine and verify the value of OTC derivatives, certain transactions are complex and valuation may only be provided by a limited number of market participants who may also be acting as the counterparty to the transactions. Inaccurate valuation can result in inaccurate recognition of gains or losses and counterparty exposure.

Unlike exchange-traded derivatives, which are standardised with respect to their terms and conditions, OTC derivatives are generally established through negotiation with the other party to the instrument. While this type of arrangement allows greater flexibility to tailor the instrument to the needs of the parties, OTC derivatives may involve greater legal risk than

exchange-traded instruments, as there may be a risk of loss if the agreement is deemed not to be legally enforceable or not documented correctly. There also may be a legal or documentation risk that the parties may disagree as to the proper interpretation of the terms of the agreement. However, these risks are generally mitigated, to a certain extent, by the use of industry-standard agreements such as those published by the International Swaps and Derivatives Association (ISDA)

5.5.2 Securities lending, repurchase and reverse repurchase transactions

Securities lending, repurchase or reverse repurchase transactions involve certain risks and there can be no assurance that the objective sought to be obtained from the use of such techniques will be achieved.

The principal risk when engaging in securities lending, repurchase or reverse repurchase transactions is the risk of default by a counterparty who has become insolvent or is otherwise unable or refuses to honour its obligations to return securities or cash to the Fund as required by the terms of the transaction. Counterparty risk is generally mitigated by the transfer or pledge of collateral in favour of the Sub-Fund. However, there are certain risks associated with collateral management, including difficulties in selling collateral and/or losses incurred upon realization of collateral, as described below.

Securities lending, repurchase or reverse repurchase transactions also entail liquidity risks due, *inter alia*, to locking cash or securities positions in transactions of excessive size or duration relative to the liquidity profile of the Sub-Fund or delays in recovering cash or securities paid to the counterparty. These circumstances may delay or restrict the ability of the Fund to meet redemption requests. The Sub-Fund may also incur operational risks such as, *inter alia*, non-settlement or delay in settlement of instructions, failure or delays in satisfying delivery obligations under sales of securities, and legal risks related to the documentation used in respect of such transactions.

5.5.3 Collateral management

Counterparty risk arising from investments in OTC financial derivative instruments and securities lending, repurchase and reverse repurchase agreements is generally mitigated by the transfer or pledge of collateral in favour of the Sub-Fund. However, transactions may not be fully collateralised. Fees and returns due to the Sub-Fund may not be collateralised. If a counterparty defaults, the Sub-Fund may need to sell non-cash collateral received at prevailing market prices. In such a case the Sub-Fund could realise a loss due, *inter alia*, to inaccurate pricing or monitoring of the collateral, adverse market movements, deterioration in the credit rating of issuers of the collateral or illiquidity of the market on which the collateral is traded. Difficulties in selling collateral may delay or restrict the ability of the Sub-Fund to meet redemption requests.

A Sub-Fund may also incur a loss in reinvesting cash collateral received, where permitted. Such a loss may arise due to a decline in the value of the investments made. A decline in the value of such investments would reduce the amount of collateral available to be returned by the Sub-Fund to the counterparty as required by the terms of the transaction. The Sub-Fund would be required to cover the difference in value between the collateral originally received and the amount available to be returned to the counterparty, thereby resulting in a loss to the Sub-Fund.

5.5.4 Distressed debt securities

A Sub-Fund may invest in distressed debt securities. Investment in such distressed debt securities (which qualify as transferable securities) involves purchases of obligations of companies that are experiencing significant financial or business distress, including companies involved in bankruptcy or other reorganisation and liquidation proceedings. Acquired investments may include senior or subordinated debt securities, bank loans, promissory notes and other evidences of indebtedness, as well as payables to trade creditors. Although such purchases may result in significant investor returns, they involve a substantial degree of risk and may not show any return for a considerable period of time. In fact, many of these investments ordinarily remain unpaid unless and until the company reorganises and/or emerges from bankruptcy proceedings, and as a result may have to be held for an extended period of time. The level of analytical sophistication, both financial and legal, necessary for successful investment in companies experiencing significant business and financial distress is unusually high. There is no assurance that the Investment Manager(s) will correctly evaluate the nature and magnitude of the various factors that could affect the prospects for a successful reorganisation or similar action. In any reorganisation or liquidation proceeding relating to a company in which a Sub-Fund invests, an investor may lose its entire investment or may be required to accept cash or securities with a value less than the original investment. Under such circumstances, the returns generated from the investment may not compensate a Sub-Fund adequately for the risks assumed.

Investing in distressed debt can also impose duties on the Investment Manager(s) which may conflict with duties which it owes to a Sub-Fund. A specific example of where the Investment Manager(s) may have a conflict of interest is where it invests the assets of a Sub-Fund in a company in serious financial distress and where that investment leads to the Investment Manager(s) investing further amounts of the Sub-Fund's assets in the company or taking an active role in managing or advising the company, or one of the Investment Manager's employees becomes a director or other officer of the company. In such cases, the Investment Manager or its employee may have duties to the company and/or its members and creditors which may conflict with, or not correlate with, the interests of the Shareholders of that Sub-Fund. In such cases, the Investment Manager may also have discretion to exercise any rights attaching to the Sub-Fund's investments in such a company. The Investment Manager will take such steps as it considers necessary to resolve such potential conflicts of interest fairly.

6. MANAGEMENT AND ADMINISTRATION

6.1 The Board of Directors

The members of the Board of Directors will be elected by the general meeting of Shareholders subject to the approval of the CSSF. The Board of Directors is vested with the broadest powers to act on behalf of the Fund and to take any actions necessary or useful to fulfil the Fund's corporate purpose, subject to the powers expressly assigned by law or the Articles of Association to the general meeting of Shareholders.

The Board of Directors is responsible for conducting the overall management and business affairs of the Fund in accordance with the Articles of Association. In particular, the Board of Directors is responsible for defining the investment objective and policy of the Sub-Funds and their risk profile, subject to the principle of risk diversification, and for the overall supervision of the management and administration of the Fund, including the selection and supervision of the Management Company and the general monitoring of the performance and operations of the Fund.

The Board of Directors has adopted and implemented a Code of Conduct which sets out the general governance principles and rules of conduct which the directors seek to apply in carrying out their duties.

For the current composition of the Board of Directors, please refer to the Directory.

6.2 The Management Company

The Fund has appointed the Management Company as its management company in accordance with the provisions of the 2010 Law pursuant to the Management Company Agreement.

UBS Fund Management (Luxembourg) S.A. has been incorporated in Luxembourg on 1 July 2010 in the legal form of a public limited company (*société anonyme*) for unlimited duration. It is registered with the R.C.S. Luxembourg under number 154.210. Its registered office is in 33A, avenue J.F. Kennedy, L-1855 Luxembourg.

The articles of incorporation of the Management Company have been published by reference on 16 August 2010 in the Mémorial C.

The consolidated version of the articles of incorporation has been deposited for inspection with the Register of Trade and Companies (*Registre du commerce et des sociétés*) in Luxembourg. The corporate object of the Management Company is, inter alia, the management of Luxembourg undertakings for collective investment as well as the issue and redemption of shares of these products. At the date of this sales prospectus, in addition to the Company, the Management Company also manages other undertakings for collective investment. An up-to-date list of all UCITS currently managed by the Management Company is available on the following webpage: https://www.ubs.com/lu/en/asset_management.html. The share capital of the Management Company amounts to 13,000,000 EUR and is fully paid-in.

The Management Company is authorised and regulated by the CSSF in Luxembourg under Luxembourg law. The Management Company is an affiliated company of UBS AG. Its main business activity is to provide collective portfolio management services to the Fund and other funds and perform the functions of a UCITS management company in accordance with Luxembourg law. A list of the UCITS funds managed by the Management Company is available upon request at its registered office.

The relationship between the Fund and the Management Company is subject to the terms of the Management Company Agreement. Under the terms of the Management Company Agreement, the Management Company is responsible for the investment management and administration of the Fund as well as the marketing of the Shares, subject to the overall supervision of the Board of Directors. The Management Company is in charge of the day-to-day business activities of the Fund. The Management Company has authority to act on behalf of the Fund within its function.

For the purpose of a more efficient conduct of its business, the Management Company may delegate to third parties the power to carry out some of its functions on its behalf, in accordance with applicable laws and regulations of Luxembourg. The delegated functions shall remain under the supervision and responsibility of the Management Company and the delegation shall not prevent the Management Company from acting, or the Fund from being managed, in the best interests of the investors. The delegation to third parties is subject to the prior approval of the CSSF.

In conducting its activities, the Management Company shall act honestly and fairly, with due skill, care and diligence, in the best interests of the Fund, its investors, and the integrity of the market. In accordance with applicable laws and regulations, the Management Company has adopted and maintains sound internal governance, administrative and accounting procedures. It maintains effective, permanent and independent compliance and internal audit functions. The Management Company is organised in such a way as to minimise the risk of the Fund's interests being prejudiced by conflicts of interest between the Management Company and/or its clients.

The Management Company Agreement has no fixed duration and each party may, in principle, terminate the agreement on not less than three (3) calendar months' prior written notice. The Management Company Agreement may also be terminated on shorter notice in certain circumstances, for instance where one party commits a material breach of its obligations. The Management Company Agreement contains provisions exempting the Management Company from liability and indemnifying the Management Company in certain circumstances. However, the liability of the Management Company towards the Fund will not be affected by any delegation of functions by the Management Company.

6.3 The Investment Manager

The Management Company has appointed Kersio Global Investment A.V. S.A. as Investment Manager of the Fund pursuant to the Investment Management Agreement.

Kersio Global Investment A.V. S.A. is an investment manager incorporated under the laws of Spain. The Investment Manager is authorised for the purpose of asset management and regulated by the *Comisión Nacional del Mercado de Valores (CNMV)* in Spain under the laws of the Kingdom of Spain. Its main business activity is asset management.

The relationship between the Management Company and the Investment Manager is subject to the terms of the Investment Management Agreement. Under the terms of the Investment Management Agreement, the Investment Manager has full discretion, subject to the overall review and control of the Management Company and, ultimately, the Board of Directors, to manage the assets of each Sub-Fund on a discretionary basis, in accordance with the investment objective and policy of the Sub-Fund and any additional investment restrictions or guidelines imposed by the Board of Directors. Within this function, the Investment Manager has authority to act on behalf of the Fund.

The Investment Management Agreement has no fixed duration and each party may, in principle, terminate the agreement on not less than three (3) calendar months' prior written

notice. The Investment Management Agreement may also be terminated on shorter notice in certain circumstances, for instance where one party commits a material breach of its obligations. The Investment Management Agreement may be terminated by the Management Company with immediate effect if this is deemed by the Management Company to be in the interest of the investors.

The Investment Management Agreement contains provisions exempting the Investment Manager from liability and indemnifying the Investment Manager in certain circumstances. In particular, the Investment Manager will not be responsible for any loss of assets and investments of the Fund, except to the extent that such loss is due to the Investment Manager's negligence, wilful default or fraud or that of any of its directors, officers, employees or agents.

6.4 The Distributor

The Management Company has appointed Kersio Global Investment A.V. S.A. as the Distributor pursuant to the Distribution Agreement.

Kersio Global Investment A.V. S.A. is a public limited liability company incorporated under the laws of Spain. The Distributor is authorised and regulated by the *Comisión Nacional del Mercado de Valores* (CNMV) in Spain for the purpose of the provision of distribution services to investment funds.

The relationship between the Management Company and the Distributor is subject to the terms of the Distribution Agreement. Under the terms of the Distribution Agreement, the Distributor is responsible for the marketing and distribution of the Shares. The Distributor has the authority to appoint distributors and sales agents on behalf of the Fund to market and distribute the Shares.

The Distribution Agreement has no fixed duration and each party may, in principle, terminate the agreement on not less than two (2) calendar months' prior written notice. The Distribution Agreement may also be terminated on shorter notice in certain circumstances, for instance where one party commits a material breach of its obligations. The Distribution Agreement may be terminated by the Management Company with immediate effect if this is deemed by the Management Company to be in the interest of the investors. The Distribution Agreement contains provisions exempting the Distributor from liability and indemnifying the Distributor in certain circumstances. However, the liability of the Distributor towards the Management Company and the Fund will not be affected by any delegation of functions by the Distributor.

6.5 The Depositary, Paying Agent and Domiciliary Agent

Pursuant to a depositary and paying agent agreement (the "Depositary Agreement"), UBS Europe SE, Luxembourg Branch has been appointed as depositary of the Fund (the "Depositary"). The Depositary will also provide paying agent services as well as domiciliation and corporate secretary services to the Fund.

The Depositary is a Luxembourg established branch of UBS Europe SE, a European Company (*Societas Europaea*), having its registered office in Frankfurt am Main, Germany, registered with the German Trade Register under number HRB 107046. UBS Europe SE, Luxembourg Branch has its address at 33A, avenue John F. Kennedy, L-1855 Luxembourg, Grand Duchy of Luxembourg, registered with the Luxembourgish Trade and Company Register under number B 209.123. It is licensed to engage in all banking operations under Luxembourg law.

Pursuant to the Depositary Agreement, the Depositary has been appointed for the safe-keeping of financial instruments that can be held in custody, for the record keeping and

verification of ownership of other assets of the Fund as well as to ensure for the effective and proper monitoring of the Fund's cash flows in accordance with the provisions of the 2010 Law and the Depositary Agreement. Assets held in custody by the Depositary shall not be reused by the Depositary, or any third party to which the custody function has been delegated, for their own account, unless such reuse is expressly allowed by the 2010 Law.

In addition, the Depositary shall also ensure that (i) the sale, issue, repurchase, redemption and cancellation of Shares are carried out in accordance with Luxembourg law, the Prospectus and the Articles of Incorporation, (ii) the value of the Shares is calculated in accordance with Luxembourg law, the Prospectus and the Articles of Incorporation, (iii) the instructions of the Management Company or the Fund are carried out, unless they conflict with applicable Luxembourg law, the Prospectus and/or the Articles of Incorporation, (iv) in transactions involving the Fund's assets any consideration is remitted to the Fund within the usual time limits, and (v) the Fund's incomes are applied in accordance with Luxembourg law, the Prospectus and the Articles of Incorporation.

In compliance with the provisions of the Depositary Agreement and the 2010 Law, the Depositary may, subject to certain conditions and in order to effectively conduct its duties, delegate part or all of its safe-keeping duties in relation to financial instruments that can be held in custody, duly entrusted to the Depositary for custody purposes, and/or all or part of its duties regarding the record keeping and verification of ownership of other assets of the Fund to one or more sub-custodian(s), as they are appointed by the Depositary from time to time. The Depositary does not allow its sub-custodians to make use of sub-delegates which have not been approved by the Depositary in advance.

Prior to the appointment of any sub-custodian and sub-delegate and on an ongoing basis based on applicable laws and regulations as well as its conflict of interests policy the Depositary shall assess potential conflicts of interests that may arise from the delegation of safekeeping functions. The Depositary is part of the UBS Group, a worldwide, full-service private banking, investment banking, asset management and financial services organization which is a major participant in the global financial markets. As such, potential conflicts of interest from the delegation of its safekeeping functions could arise as the Depositary and its affiliates are active in various business activities and may have differing direct or indirect interests. Investors may obtain additional information free of charge by addressing their request in writing to the Depositary.

In order to avoid any potential conflicts of interest, the Depositary does not appoint any sub-custodians and does not allow the appointment of any sub-delegate which is part of the UBS Group, unless such appointment is in the interest of the Shareholders and no conflict of interest has been identified at the time of the sub-custodian's or sub-delegate's appointment. Irrespective of whether a given sub-custodian or sub-delegate is part of the UBS Group or not, the Depositary will exercise the same level of due skill, care and diligence both in relation to the selection and appointment as well as in the on-going monitoring of the relevant sub-custodian or sub-delegate. Furthermore, the conditions of any appointment of a sub-custodian or sub-delegate that is member of the UBS Group will be negotiated at arm's length in order to ensure the interests of the Fund and its Shareholders. Should a conflict of interest occur and in case such conflict of interest cannot be mitigated, such conflict of interest as well as the decisions taken will be disclosed to Shareholders. An up-to-date description of any safekeeping functions delegated by the Depositary, an up-to-date list of these delegates and sub-delegate (s) as well as an up-to-date description of any conflicts of interest that may arise from such delegation can be found on the following webpage: <https://www.ubs.com/global/en/legalinfo2/luxembourg.html>.

Where the law of a third country requires that financial instruments are held in custody by a local entity and no local entity satisfies the delegation requirements of article 34bis, paragraph

3, lit. b) i) of the 2010 Law, the Depositary may delegate its functions to such local entity to the extent required by the law of that third country for as long as there are no local entities satisfying the aforementioned requirements. In order to ensure that its tasks are only delegated to sub-custodians providing an adequate standard of protection, the Depositary has to exercise all due skill, care and diligence as required by the 2010 Law in the selection and the appointment of any sub-custodian to whom it intends to delegate parts of its tasks and has to continue to exercise all due skill, care and diligence in the periodic review and ongoing monitoring of any sub-custodian to which it has delegated parts of its tasks as well as of any arrangements of the sub-custodian in respect of the matters delegated to it. In particular, any delegation is only possible when the sub-custodian at all times during the performance of the tasks delegated to it segregates the assets of the Fund from the Depositary's own assets and from assets belonging to the sub-custodian in accordance with the 2010 Law. The Depositary's liability shall not be affected by any such delegation, unless otherwise stipulated in the 2010 Law and/or the Depositary Agreement.

The Depositary is liable to the Fund or its Shareholders for the loss of a financial instrument held in custody within the meaning of article 35 (1) of the 2010 Law and article 12 of the Commission Delegated Regulation of the European Commission (EU) 2016/438 of 17 December 2015 supplementing the UCITS Directive with regard to obligations of depositaries (the "Fund Custodial Assets") by the Depositary and/or a sub-custodian (the "Loss of a Fund Custodial Asset").

In case of Loss of a Fund Custodial Asset, the Depositary has to return a financial instrument of an identical type or the corresponding amount to the Fund without undue delay. In accordance with the provisions of the 2010 Law, the Depositary will not be liable for the Loss of a Fund Custodial Asset, if such Loss of a Fund Custodial Asset has arisen as a result of an external event beyond its reasonable control, the consequences of which would have been unavoidable despite all reasonable efforts to the contrary.

The Depositary shall be liable to the Fund and to the Shareholders for all direct losses suffered by them as a result of the Depositary's negligence or intentional failure to properly fulfil its duties in accordance with applicable law, in particular the 2010 Law and the Depositary Agreement.

The Fund and the Depositary may terminate the Depositary Agreement at any time by giving three (3) months' notice by registered letter. In case of a voluntary withdrawal of the Depositary or of its removal by the Fund, the Depositary must be replaced before maturity of such notice period by a successor depositary to whom the Fund's assets are to be delivered and who will take over the functions and responsibilities of the Depositary. If the Fund does not name such successor depositary in time the Depositary may notify the CSSF of the situation.

6.6 The Administrator

The Management Company has appointed Northern Trust Global Services SE, 10, rue du Chateau d'Eau, L-3364 Leudelange, as administrative, registrar and transfer agent of the Fund (the "**Administrator**") pursuant to the Administration Agreement.

The Administrator is authorised and regulated by the CSSF in Luxembourg under the 1993 Law. The relationship between the Management Company and the Administrator is subject to the terms of the Administration Agreement. Under the terms of the Administration Agreement, the Administrator will carry out all general administrative duties related to the administration of the Fund required by Luxembourg law, calculate the Net Asset Value per Share, maintain the accounting records of the Fund, as well as process all subscriptions, redemptions, conversions, and transfers of Shares, and register these transactions in the register of Shareholders. In addition, as registrar and transfer agent of the Fund, the Administrator is also

responsible for collecting the required information and performing verifications on investors to comply with applicable anti-money laundering rules and regulations.

The Administrator is not responsible for any investment decisions of the Fund or the effect of such investment decisions on the performance of the Fund.

The Administration Agreement has no fixed duration and each party may, in principle, terminate the agreement on not less than three (3) calendar months' prior written notice. The Administration Agreement may also be terminated on shorter notice in certain circumstances, for instance where one party commits a material breach of its obligations. The Administration Agreement may be terminated by the Management Company with immediate effect if this is deemed by the Management Company to be in the interest of the investors. The Administration Agreement contains provisions exempting the Administrator from liability and indemnifying the Administrator in certain circumstances. However, the liability of the Administrator towards the Management Company and the Fund will not be affected by any delegation of functions by the Administrator.

The Management Company reserves the right to change the administration arrangements described above by agreement with the Administration Agent and/or to appoint another service provider in Luxembourg to carry out the functions of administration agent. Investors will be notified in due course.

6.7 The Auditor

The Fund has appointed Ernst & Young S.A. as its approved statutory auditor (*réviseur d'entreprises agréé*) within the meaning of the 2010 Law. The Auditor is elected by the general meeting of Shareholders. The Auditor will inspect the accounting information contained in the Annual Report and fulfil other duties prescribed by the 2010 Law.

6.8 Conflicts of interest

The Board of Directors, the Management Company, the Investment Manager, the Depositary, the Administrator and the other service providers of the Fund, and/or their respective affiliates, members, employees or any person connected with them may be subject to various conflicts of interest in their relationships with the Fund.

The Management Company, the Fund, the Investment Manager, the Administrator and the Depositary have adopted and implemented a conflicts of interest policy and have made appropriate organisational and administrative arrangements to identify and manage conflicts of interests so as to minimise the risk of the Fund's interests being prejudiced, and if they cannot be avoided, ensure that the Fund's investors are treated fairly.

The Management Company, and the Depositary are part of the UBS Group (the "**Affiliated Person**").

The Affiliated Person is a worldwide, full-service private banking, investment banking, asset management and financial services organization and a major participant in the global financial markets. As such, the Affiliated Person is active in various business activities and may have other direct or indirect interests in the financial markets in which the Fund invests.

The Affiliated Person including its subsidiaries and branches may act as counterparty and in respect of financial derivative contracts entered into by the Fund.

A potential conflict may further arise because the Depositary is related to a legal entity of the Affiliated Person which provides other products or services to the Fund.

In the conduct of its business the Affiliated Person's policy is to identify, manage and where necessary prohibit any action or transaction that may pose a conflict between the interests of the Affiliated Person's various business activities and the Fund or its investors. The Affiliated Person strives to manage any conflicts in a manner consistent with the highest standards of integrity and fair dealing. For this purpose, the Affiliated Person has implemented procedures that shall ensure that any business activities involving a conflict which may harm the interests of the Fund or its investors, are carried out with an appropriate level of independence and that any conflicts are resolved fairly. Investors may obtain additional information on the Management Company's and the Fund's policy related to conflicts of interest free of charge by addressing their request in writing to the Management Company.

Notwithstanding its due care and best effort, there is a risk that the organisational or administrative arrangements made by the Management Company for the management of conflicts of interest are not sufficient to ensure with reasonable confidence, that risks of damage to the interests of the Fund or its Shareholders will be prevented. In such case these non-mitigated conflicts of interest as well as the decisions taken will be reported to investors on the following website of the Management Company under https://www.ubs.com/global/en/asset_management/investor_information.html. Respective information will also be available free of charge at the registered office of the Management Company.

In addition, it has to be taken into account that the Management Company and the Depositary are members of the same group. Thus, both have put in place policies and procedures ensuring that they (i) identify all conflicts of interests arising from that link and (ii) take all reasonable steps to avoid those conflicts of interest.

Where a conflict of interest arising out of the group link between the Management Company and the Depositary cannot be avoided, the Management Company or the Depositary will manage, monitor and disclose that conflict of interest in order to prevent adverse effects on the interests of the Fund and of the Shareholders.

A description of the safekeeping functions delegated by the Depositary, the list of delegates and sub-delegates of the Depositary can be found on the following webpage: <https://www.ubs.com/global/en/legalinfo2/luxembourg.html>, and up-to-date information in relation thereto will be made available to investors upon request.

6.9 Best execution

Both the Management Company and the Investment Manager have adopted a "best execution" policy with the objective of obtaining the best possible result for the Fund when executing decisions to deal on behalf of the Fund or placing orders to deal on behalf of the Fund with other entities for execution. Further information on the best execution policies may be obtained from the internet website of the Management Company and the Investment Manager.

7. SHARES

7.1 Shares, Sub-Funds and Share Classes

7.1.1 Shares

The share capital of the Fund is represented by fully paid up Shares of no par value. The share capital of the Fund is at all times equal to the Net Asset Value of the Fund, which is the total Net Asset Value of all Sub-Funds expressed in the Reference Currency of the Fund. The share capital of the Fund must at all times be at least equal to the minimum required by the 2010 Law, which is currently 1,250,000 EUR.

The Shares will be issued in registered form only. Written confirmation of registration will be issued upon request and at the expense of the requesting shareholder. The registration of a shareholder in the register of shareholders of the Fund evidences the shareholder's ownership right towards the Fund.

Shares may also be eligible for clearing and settlement by Clearstream and/or other recognised securities clearing and settlement systems. In such case, Shares may be held and transferred through securities accounts maintained within such systems] in accordance with applicable laws and regulations, and the operating rules of the systems.

The Fund will recognise only one single shareholder per Share. In case a Share is owned by several persons, they must appoint a single representative who will represent them towards the Fund. The Fund has the right to suspend the exercise of all rights attached to that Share until such representative has been appointed.

The Shares carry no preferential or pre-emptive rights: the Fund is authorised without limitation to issue an unlimited number of fully paid up Shares on any Valuation Day without reserving to existing investors a preferential or pre-emptive right to subscribe for the Shares to be issued.

Each Share entitles the shareholder to one (1) vote at all general meetings of shareholders of the Fund and at all meetings of the Sub-Fund or Share Class concerned.

Fractions of Shares will be issued up to three (3) decimal places. Such fractional Shares will be entitled to participate on a *pro rata* basis in the net assets attributable to the Sub-Fund or Share Class to which they belong in accordance with their terms, as set out in this Prospectus. Fractions of Shares do not confer any voting rights on their holders. However, if the sum of the fractional Shares held by the same shareholder in the same Share Class represents one or more entire Shares, such shareholder will benefit from the corresponding voting right attached to the number of entire Shares.

Shares are each entitled to participate in the net assets allocated to the relevant Sub-Fund or Share Class in accordance with their terms, as set out in the Supplements. Shares will be issued on each Subscription Day immediately after the time of valuation and entitled to participate in the net assets of the Sub-Fund or Share Class as of that point, as described in more detail in section 7.4 (Subscription for Shares) below. Shares will be redeemed on each Redemption Day at the time of valuation and entitled to participate in the net assets of the Sub-Fund or Share Class until and including that point, as described in more detail in section 7.5 (Redemption of Shares) below.

Shares redeemed will generally be cancelled unless the Fund decides otherwise.

7.1.2 Sub-Funds

The Fund is a single legal entity incorporated as an umbrella fund comprised of separate Sub-Funds. Each Share issued by the Fund is a share in a specific Sub-Fund. Each Sub-Fund has a specific investment objective and policy as further described in its Supplement. A separate portfolio of assets is maintained for each Sub-Fund and invested for its exclusive benefit in accordance with its investment objective and policy.

With regard to third parties, in particular towards the Fund's creditors, each Sub-Fund shall be exclusively responsible for all liabilities attributable to it. As a consequence, the assets of each Sub-Fund may only be used to meet the debts, liabilities and obligations attributable to that Sub-Fund. In the event that, for any reason, the liabilities arising in respect of the creation, operation and liquidation of a Sub-Fund exceed the assets allocated to it, creditors will have no recourse against the assets of any other Sub-Fund to satisfy such deficit. Assets and liabilities are allocated to each Sub-Fund in accordance with the provisions of the Articles of Association, as set out in section 8.2 (Valuation procedure) below.

Each Sub-Fund may be established for an unlimited or limited duration as specified in its Supplement. In the latter case, upon expiry of the term, the Fund may extend the duration of the Sub-Fund once or several times. Investors will be notified at each extension. At the expiry of the duration of a Sub-Fund, the Fund will redeem all the Shares in that Sub-Fund. The Supplement will indicate the duration of each Sub-Fund and its extension, where applicable.

Additional Sub-Funds may be established from time to time without the consent of investors in other Sub-Funds. A new Supplement will be added to this Prospectus for each new Sub-Fund established.

7.1.3 Share Classes

The Sub-Funds may offer several Share Classes, as set out in the Supplements. Each Share Class within a Sub-Fund may have different features such as the fee structure, minimum subscription or holding amounts, currency, different hedging techniques or distribution policy or other distinctive features, or be offered or reserved to different types of investors. Investors will be able to choose the Share Class with the features most suitable to their individual circumstances.

Each Share Class may be created for an unlimited or limited duration, as specified in the Supplement. In the latter case, upon expiry of the term, the Fund may extend the duration of the Share Class once or several times. Investors will be notified at each extension. At the expiry of the duration of a Share Class, the Fund will redeem all the Shares in that Share Class. The Supplement will indicate the duration of each Share Class and its extension, where applicable.

Additional Share Classes may be established in any Sub-Fund from time to time without the approval of investors. New Share Classes will be added to the relevant Supplement. Such new Share Classes may be issued on terms and conditions that differ from the existing Share Classes. The list and details of the Share Classes established within each Sub-Fund, if any, are set out in the Supplements. The list of active Share Classes currently available for subscription in each jurisdiction may be obtained from the Management Company or the Administrator or a Distributor upon request and on www.kersio.com.

7.1.4 Change of rights, restrictions and characteristics of Sub-Funds and Share Classes

The rights and restrictions attached to Shares may be modified from time to time, subject to the provisions of the Articles of Association. Any changes to the Articles of Association will require a resolution of the general meeting of shareholders, as further described in section 10.2 (Meetings of shareholders) below.

Subject to the above, the Board of Directors may change the characteristics of any existing Sub-Fund, including its objective and policy, or any existing Share Class, without the consent of investors. In accordance with applicable laws and regulations, investors in the Sub-Fund or Share Class will be informed about the changes and, where required, will be given prior notice of any proposed material changes in order for them to request the redemption of their Shares should they disagree. This Prospectus will be updated as appropriate.

7.2 Dividend distribution policy

Each Sub-Fund may comprise distributing Shares and non-distributing Shares. The Supplement shall indicate whether Shares confer the right to dividend distributions (Distribution Shares) or do not confer this right (Capitalisation Shares). Distribution Shares and Capitalisation Shares issued within the same Sub-Fund will be represented by different Share Classes.

Capitalisation Shares capitalise their entire earnings whereas Distribution Shares pay dividends. Whenever dividends are distributed to holders of Distribution Shares, their Net Asset Value per Share will be reduced by an amount equal to the amount of the dividend per Share distributed, whereas the Net Asset Value per Share of Capitalisation Shares will remain unaffected by the distribution made to holders of Distribution Shares.

The Fund shall determine how the earnings of Distribution Shares shall be distributed and may declare distributions from time to time, at such time and in relation to such periods as the Fund shall determine, in the form of cash or Shares, in accordance with the dividend distribution policy adopted for such Distribution Shares as described in the Supplement. The dividend distribution policy may vary between Distribution Shares within the same or different Sub-Funds. Dividend distributions are not guaranteed with respect to any Share Class. In any event, no distribution may be made if, as a result, the total Net Asset Value of the Fund would fall below the minimum share capital required by the 2010 Law which is currently EUR 1,250,000.

Unless otherwise requested by an investor, dividends will be reinvested in Shares of the same Share Class and investors will be advised of the details by a dividend statement.

No interest shall be paid on dividend distributions declared by the Fund which have not been claimed. Dividends not claimed within five years of their declaration date will lapse and revert to the relevant Share Class.

7.3 Eligible Investors

Shares may only be acquired or held by investors who satisfy all eligibility requirements for a specific Sub-Fund or Share Class, if any, as specified for the Sub-Fund or Share Class in the Supplement (an Eligible Investor). Certain Sub-Funds or Shares Classes may indeed be reserved to specified categories of investors such as Institutional Investors, investors investing through a specified distribution channel or investors who are residents of or domiciled in specific jurisdictions.

The Board of Directors has decided that any investor not qualifying as an Eligible Investor will be considered as a Prohibited Person, in addition to those persons described in section 7.10 (Prohibited Persons) below. The Fund may decline to issue any Shares and to accept any transfer of Shares, where it appears that such issue or transfer would or might result in Shares being acquired or held by, on behalf or for the account or benefit of, Prohibited Persons. The Fund may compulsorily redeem all Shares held by, on behalf or for the account or benefit of, Prohibited Persons in accordance with the procedure set out in this Prospectus (see section 7.10 (Prohibited Persons) below).

7.4 Subscription for Shares

Applications for subscriptions can be submitted for each Subscription Day provided that a complete application is submitted by the Cut-Off Time for that Subscription Day. Applications will be processed, if accepted, at the Subscription Price applicable to that Subscription Day. The Subscription Price (plus any Subscription Fee) must be settled by the end of the Subscription Settlement Period. The subscription procedure is further described below. Shares will be issued on the Subscription Day and entitled to participate in the Net Asset Value of the Share Class from their issue. The Subscription Day, Cut-Off Time, and Subscription Settlement Period for each Sub-Fund or Share Class are specified in the Supplement.

7.4.1 Subscription application

Shares in any new Sub-Fund or Share Class may be available for subscription during an Initial Offer and will be issued on the first Subscription Day following the Initial Offer at the Initial Offer Price. Information on the Initial Offer and the Initial Offer Price of any new Sub-Fund or Share Class will be set out in the Supplement and be available from the Administrator upon request. The Fund may reschedule the Initial Offer and/or amend the Initial Offer Price.

Shares will be available for subscription on each Subscription Day at a Subscription Price equal to the Net Asset Value per Share for that Subscription Day rounded up or down to two (2) decimal places. The Net Asset Value per Share for the Subscription Day at which an application will be processed is unknown to the investors when they place their subscription applications.

The Fund may charge a Subscription Fee on subscriptions for Shares, as set out in section 9.1 (Subscription Fee and Redemption Fee) below, which will be added to the Subscription Price. The Subscription Fee is equal to a percentage of the Subscription Price or such other amount specified for each Sub-Fund or Share Class in the Supplement, where applicable.

The Fund will only process subscription applications that it considers clear and complete. Applications will be considered complete only if the Fund has received all information and supporting documentation it deems necessary to process the application. The Fund may delay the acceptance of unclear or incomplete applications until reception of all necessary information and supporting documentation in a form satisfactory to the Fund. Unclear or incomplete applications may lead to delays in their execution. The Fund will not accept liability for any loss suffered by applicants as a result of unclear or incomplete applications. No interest will be paid to investors on subscription proceeds received by the Fund prior to receiving clear and complete applications.

Applications must be submitted to the Administrator by the Cut-Off Time for the Subscription Day, as specified in the Supplement, in order for such applications to be processed, if accepted, at the Subscription Price applicable to that Subscription Day. Applications received after the Cut-Off Time will be treated as deemed applications received by the Cut-Off Time for the next Subscription Day. However, the Fund may accept subscription applications received

after the Cut-Off Time subject to certain conditions, as set out in section 7.9 (Late trading, market timing and other prohibited practices) below.

The Fund reserves the right to accept or refuse any application in whole or in part at its discretion. Without limitation, the Fund may refuse an application for subscription where the Fund determines that the Shares would or might be held by, on behalf or for the account or benefit of, Prohibited Persons. In such event, subscription proceeds received by the Fund will be returned to the applicant as soon as practicable, at the risks and costs of the applicant, without interest.

The issue of Shares of a Sub-Fund or Share Class shall be suspended whenever the determination of the Net Asset Value per Share of such Sub-Fund or Share Class is suspended by the Fund, as described in section 8.4 (Temporary suspension of the Net Asset Value calculation) below. The issue of Shares of a Share Class may also be suspended at the discretion of the Board of Directors, in the best interest of the Fund, notably under other exceptional circumstances.

7.4.2 Settlement of subscription

The Subscription Price (plus any Subscription Fee) must be paid in the Reference Currency of the Share Class or, at the request of the investor, in any other currency accepted by the Fund. In the latter case, the Fund will have the subscription proceeds in the other currency converted into the Reference Currency of the Sub-Fund or Share Class, at the risks and costs of the investor, taking into account prevailing currency exchange rates. The Fund may charge a fee for this conversion service. The Fund will process the subscription application by reference to the net proceeds of the conversion into the Reference Currency of the Sub-Fund or Share Class.

Cleared funds equal to the full amount of the Subscription Price (plus any Subscription Fee) must be received by the Fund by the end of the Subscription Settlement Period specified in the Supplement. Settlement details are available in the Subscription Form.

If the payment of the Subscription Price (plus any Subscription Fee) has not been received by the end of the Subscription Settlement Period, any pending application for Shares may be rejected or, if the application had previously been accepted by the Fund, any allocation of Shares made on the basis of the application may be cancelled by a compulsory redemption of the Shares at the applicable Redemption Price (less any Redemption Fee). The Administrator will inform the applicant that the application has been rejected or the subscription cancelled, as applicable, and the money received after the end of the Subscription Settlement Period, if any, will be returned to the applicant at its risks and costs, without interest.

The Fund reserves the right to require indemnification from the applicant against any losses, costs or expenses arising as a result of any failure to settle the Subscription Price (plus any Subscription Fee) by the end of the Subscription Settlement Period. The Fund may pay such losses, costs or expenses out of the proceeds of any compulsory redemption described above and/or redeem all or part of the investor's other Shares, if any, in order to pay for such losses, costs or expenses.

7.4.3 Subscription in kind

The Fund may agree to issue Shares as consideration for a "contribution in kind" of assets with an aggregate value equal to the Subscription Price (plus any Subscription Fee), provided that such assets comply with the investment objective and policy of the Sub-Fund and any restrictions and conditions imposed by applicable laws and regulations. In accepting or

rejecting such a contribution at any given time, the Fund shall take into account the interest of other investors of the Sub-Fund and the principle of fair treatment. To the extent required by applicable laws and regulations, any contribution in kind will be valued independently in a special report issued by the Auditor or any other authorised statutory auditor (*réviseur d'entreprises agréé*) agreed by the Fund. The Fund and the contributing investor will agree on specific settlement procedures. Any costs incurred in connection with a contribution in kind, including the costs of issuing a valuation report, shall be borne by the contributing investor or by such other third party as agreed by the Fund or in any other way which the Board of Directors considers fair to all investors of the Sub-Fund.

7.5 Redemption of Shares

Applications for redemptions can be submitted by investors for each Redemption Day provided that a complete application is submitted by the Cut-Off Time for that Redemption Day. Applications will be processed, if accepted, at the Redemption Price applicable to that Redemption Day. The Redemption Price (less any Redemption Fee) will normally be paid by the end of the Redemption Settlement Period. The redemption procedure is further described below. Shares will be redeemed on the Redemption Day and entitled to participate in the net assets of the Sub-Fund or Share Class until their redemption. The Redemption Day, Cut-Off Time, and Redemption Settlement Period for each Sub-Fund or Share Class are specified in the Supplement.

7.5.1 Redemption application

Investors may apply for redemption of all or any of their Shares on each Redemption Day at a Redemption Price equal to the Net Asset Value per Share for that Redemption Day. The Net Asset Value per Share for the Redemption Day at which an application will be processed is unknown to the investors when they place their redemption applications.

The Fund may charge a Redemption Fee on redemptions of Shares, as set out in section 9.1 (Subscription Fee and Redemption Fee) below, which will be deducted from the payment of the Redemption Price. The Redemption Fee is equal to a maximum percentage of the Redemption Price or such other amount as specified for each Sub-Fund or Share Class in the Supplement, where applicable.

The Fund will only process redemption applications that it considers clear and complete. Applications will be considered complete only if the Fund has received all information and supporting documentation it deems necessary to process the application. Unclear or incomplete applications may lead to delays in their execution. The Fund will not accept liability for any loss suffered by applicants as a result of unclear or incomplete applications.

Applications must be submitted to the Administrator by the Cut-Off Time for the Redemption Day, as specified in the Supplement, in order for such applications to be processed, if accepted, at the Redemption Price applicable to that Redemption Day. Applications received after the Cut-Off Time will be treated as deemed applications received by the Cut-Off Time for the next Redemption Day. However, the Fund may accept redemption applications received after the Cut-Off Time subject to certain conditions, as set out in section 7.9 (Late trading, market timing and other prohibited practices) below.

The redemption of Shares of a Sub-Fund or Share Class shall be suspended whenever the determination of the Net Asset Value per Share of such Sub-Fund or Share Class is suspended by the Fund, as described in section 8.4 (Temporary suspension of the Net Asset Value calculation) below. The redemption of Shares of a Sub-Fund or Share Class may also be suspended in other exceptional cases where the circumstances and the best interest of the investors so require.

7.5.2 Settlement of redemption

Redemption proceeds equal to the full amount of the Redemption Price (less any Redemption Fee) will normally be paid by the end of the Redemption Settlement Period specified in the Supplement. Different settlement procedures may apply in certain jurisdictions in which Shares are distributed due to constraints under local laws and regulations. Investors should contact their local paying agent for further information. The Fund is not responsible for any delays or charges incurred at any receiving bank or clearing system.

Payment of redemption proceeds will be made by wire transfer on the bank account of the redeeming investor and at its risks and costs. Redemption proceeds will be paid in the Reference Currency of the Sub-Fund or the Share Class or, at the request of the investor, in any other currency accepted by the Fund. In the latter case, the Fund will have the net redemption proceeds converted into the other currency at the risks and costs of the investor, taking into account prevailing currency exchange rates. The Fund may charge a fee for this conversion service. The Fund will pay to the investor the net proceeds of the conversion into the other currency.

The Fund reserves the right to postpone the payment of redemption proceeds after the end of the normal Redemption Settlement Period when there is insufficient liquidity or in other exceptional circumstances. If redemption proceeds cannot be paid by the end of the Redemption Settlement Period, the payment will be made as soon as reasonably practicable thereafter. The Fund may also delay the settlement of redemptions until reception of all information and supporting documentation deemed necessary to process the application, as described above. In any event, no redemption proceeds will be paid unless and until cleared funds equal to the full amount of the Subscription Price (plus any Subscription Fee) due but not yet paid for the Shares to be redeemed has been received by the Fund. No interest will be paid to investors on redemption proceeds paid after the end of the Redemption Settlement Period.

7.5.3 Redemption in kind

The Fund may, in order to facilitate the settlement of substantial redemption applications or in other exceptional circumstances, propose to an investor a “redemption in kind” whereby the investor receives a portfolio of assets of the Sub-Fund of equivalent value to the Redemption Price (less any Redemption Fee). In such circumstances the investor must specifically consent to the redemption in kind and may always request a cash redemption payment instead. In proposing or accepting a request for redemption in kind at any given time, the Fund shall take into account the interest of other investors of the Sub-Fund and the principle of fair treatment. Where the investor accepts a redemption in kind, he will receive a selection of assets of the Sub-Fund. To the extent required by applicable laws and regulations, any redemption in kind will be valued independently in a special report issued by the Auditor or any other authorised statutory auditor (*réviseur d'entreprises agréé*) agreed by the Fund. The Fund and the redeeming investor will agree on specific settlement procedures. Any costs incurred in connection with a redemption in kind, including the costs of issuing a valuation report, shall be borne by the redeeming investor or by such other third party as agreed by the Fund or in any other way which the Board of Directors considers fair to all investors of the Sub-Fund.

Upon request of an investor, the Investment Manager may agree to establish an account outside of the Fund, in the name of the investor, into which the portfolio of assets can be transferred. The account will be used to sell the assets and pay the sales proceeds to the redeeming investor in cash. Any costs and expenses relating to the opening and maintenance of the account will be borne by the redeeming investor. Investors may incur brokerage and/or local tax charges on the sale of the assets. There may be a difference between the net amount of the sales proceeds paid to the investor and the Redemption Price (less any Redemption

Fee) for the Shares redeemed, due to market conditions and/or the difference between the prices used to calculate the Net Asset Value and bid prices received on the sale of the assets.

7.6 Conversion of Shares

Applications for conversions of Shares of any Share Class (called the Original Shares) into Shares of another Share Class of the same or another Sub-Fund (called the New Shares) can be submitted for each Conversion Day provided that a complete application is submitted by the Cut-Off Time for that Conversion Day. The number of New Shares issued upon a conversion will be based on the respective Net Asset Values per Share of the Original Shares and the New Shares for the Conversion Day (which, for the avoidance of doubt, may be a different day for the Original Shares and the New Shares). The Original Shares will be redeemed and the New Shares will be issued on the Conversion Day. The conversion procedure is further described below.

7.6.1 Conversion application

Unless set out otherwise in the Supplement, investors may apply for conversion of Original Shares into New Shares on each Conversion Day. However, the right to convert the Original Shares is subject to compliance with any investor eligibility requirements applicable to the New Shares. In addition, conversion applications are subject to the provisions on the minimum initial or additional subscription amounts applicable to the New Shares and the minimum holding amount applicable to the Original Shares.

The number of New Shares issued upon a conversion will be based upon the respective Net Asset Values of the Original Shares and the New Shares for the Conversion Day. These Net Asset Values are unknown to the investors when they place their conversion application.

The Fund may charge a Conversion Fee on conversions of Shares, as set out in section 9.1 (Subscription Fee and Redemption Fee) below and specified in the Supplement. For the avoidance of doubt, no Subscription Fee or Redemption Fee will apply on conversions in addition to the Conversion Fee, if any.

The Fund will only process conversion applications that it considers clear and complete. Applications will be considered complete only if the Fund has received all information and supporting documentation it deems necessary to process the application. The Fund may delay the acceptance of unclear or incomplete applications until reception of all necessary information and supporting documentation in a form satisfactory to the Fund. Unclear or incomplete applications may lead to delays in their execution. The Fund will not accept liability for any loss suffered by applicants as a result of unclear or incomplete applications.

Applications must be submitted to the Administrator by the Cut-Off Time for the Conversion Day, as specified in the Supplement, in order for such applications to be processed, if accepted, at a conversion rate based on the respective Net Asset Values of the Original Shares and the New Shares on the Conversion Day. Applications received after the Cut-Off Time will be treated as deemed applications received by the Cut-Off Time for the next Conversion Day. However, the Fund may accept conversion applications received after the Cut-Off Time subject to certain conditions, as set out in section 7.9 (Late trading, market timing and other prohibited practices) below.

The Fund reserves the right to reject any application for conversion of Shares into New Shares, in whole or in part, including, without limitation, where the Fund decides to close the Sub-Fund or Share Class to new subscriptions or new investors. In any event, no conversion application

will be processed unless and until cleared funds equal to the full amount of the Subscription Price (plus any Subscription Fee) for the Original Shares has been received by the Fund.

The conversion of Shares shall be suspended whenever the determination of the Net Asset Value per Share of the Original Shares or the New Shares is suspended by the Fund in accordance with section 8.4 (Temporary suspension of the Net Asset Value calculation) below, or when the redemption of Original Shares or the subscription for New Shares is suspended in accordance with the Articles of Association and this Prospectus.

7.6.2 Conversion rate

The rate at which the Original Shares are converted into New Shares is determined on the basis of the following formula:

$$A = (B \times C \times D) / E$$

where:

- A is the number of New Shares to be allocated;
- B is the number of Original Shares to be converted into New Shares;
- C is the Net Asset Value per Share of the Original Shares for the Conversion Day;
- D is the exchange rate, as determined by the Fund, between the Reference Currency of the Original Shares and that of the New Shares. Where the Reference Currencies are the same, D equals one (1); and
- E is the Net Asset Value per Share of the New Shares for the Conversion Day.

A Conversion Fee may be applied, if and to the extent set out in the Supplement. The Conversion Fee is equal to the positive difference, if any, between the Subscription Fee applicable to the New Shares and the Subscription Fee paid on the Original Shares, or such lower amount as specified for each Share Class in the Supplement, where applicable.

7.7 Transfer of Shares

7.7.1 Conditions and limitations on transfer of Shares

Shares are freely transferable subject to the restrictions set out in the Articles of Association and this Prospectus. In particular, the Fund may deny giving effect to any transfer of Shares if it determines that such transfer would result in the Shares being held by, on behalf or for the account or benefit of, Prohibited Persons.

Subject to the above, the transfer of Shares will normally be given effect by the Fund by way of declaration of transfer entered in the register of shareholders of the Fund following the delivery to the Administrator of an instrument of transfer duly completed and executed by the transferor and the transferee, in a form accepted by the Fund.

The Fund will only give effect to Share transfers that it considers clear and complete. The Administrator may require from the transferor and/or the transferee all of the information and supporting documentation it deems necessary to give effect to the transfer. Investors are advised to contact the Administrator prior to requesting a transfer to ensure that they have all the correct documentation for the transaction. The Fund may delay the acceptance of unclear

or incomplete transfer orders until reception of all necessary information and supporting documentation in a form satisfactory to the Fund. Unclear or incomplete transfer orders may lead to delays in their execution. The Fund will not accept liability for any loss suffered by transferors and/or transferees as a result of unclear or incomplete transfer orders.

Shares which are eligible for clearing and settlement by Clearstream and/or other recognised securities clearing and settlement systems may also be transferred through securities accounts maintained within such systems in accordance with applicable laws and regulations, and the operating rules of the systems.

7.7.2 Trading of Shares on a stock exchange

Shares of certain Share Classes may be listed and admitted to trading on the Luxembourg Stock Exchange or other market segments or stock exchanges as the Fund may determine from time to time. The Supplement will specify if Shares are or are intended to be listed. Although the Shares must be freely negotiable and transferable upon their listing and admission to trading on such stock exchanges (and trades carried out on such stock exchanges cannot be cancelled by the Fund) the restrictions of ownership and conditions on holding Shares (as set out in this Prospectus and the Articles of Association) will nevertheless apply to any person to which Shares are transferred on such stock exchanges. The holding at any time of any Shares by, on behalf of or for the account or benefit of, a Prohibited Person may result in the compulsory redemption of such Shares in accordance with the provisions of this Prospectus and the Articles of Association.

Listed Shares will be eligible for clearing and settlement by Clearstream and/or other recognised securities clearing and settlement systems. The Fund does not expect that an active secondary market will develop in the listed Shares on the Luxembourg Stock Exchange. The listing and admission to trading on such stock exchanges does not constitute a warranty or representation by the stock exchange as to the competence of the service providers to or any other party connected with the Fund or the suitability of the Fund for investment or for any other purpose.

7.8 Special considerations

7.8.1 Minimum and maximum subscription and holding amounts

The subscription for Shares may be subject to a minimum and/or maximum initial subscription amount and/or additional subscription amount, as specified for each Share Class in the Supplement. The Fund may reject any application for subscription for or conversion into Shares of a Share Class which does not meet the applicable minimum and/or maximum initial subscription amount or additional subscription amount for that Share Class, if any.

In addition, the holding of Shares may be subject to a minimum holding amount, as specified for each Share Class in the Supplement. The Fund may treat any application for redemption or conversion of part of a holding of Shares in a Share Class as a deemed application for redemption or conversion of the entire holding of the redeeming investor in that Share Class if, as a result of such application, the Net Asset Value of the Shares retained by the investor in that Share Class would fall below the applicable minimum holding amount. Alternatively, the Fund may grant a grace period to the investor so as to allow him to increase his holding to at least the minimum holding amount.

The Fund may further deny giving effect to any transfer of Shares if, as a result of such transfer, the Net Asset Value of the Shares retained by the transferor in a Share Class would fall below the minimum holding amount for that Share Class, or if the Net Asset Value of the Shares

acquired by the transferee in a Share Class would be less than the minimum initial or additional subscription amounts, as applicable. In such cases, the Fund will notify the transferor that it will not give effect to the transfer of the Shares.

Alternatively, the Fund has the discretion, from time to time, to waive any applicable minimum and/or maximum initial subscription amount, minimum additional subscription amount and/or minimum holding amount provided that investors are treated fairly.

7.8.2 Minimum or maximum level of assets under management

The Fund may decide to cancel the launch of a Sub-Fund or Share Class before the end of the Initial Offer where that Sub-Fund or Share Class has not reached the minimum or expected level of assets under management for such Sub-Fund or Share Class to be operated in an economically efficient manner. In such event, applications for subscription will be refused and subscription proceeds previously received by the Fund will be returned to the applicant.

Where applications for redemptions or conversions out of a Sub-Fund or Share Class on a particular Redemption Day or Conversion Day represent the total number of Shares in issue in that Sub-Fund or Share Class, or the remaining number of Shares in issue after such redemptions or conversions would represent a total Net Asset Value below the minimum level of assets under management required for such Sub-Fund or Share Class to be managed and/or administered in an efficient manner, the Fund may decide to terminate and liquidate the Sub-Fund or Share Class in accordance with the procedure set out in section 0 (

Liquidation) below. In such a case, all remaining Shares of the Sub-Fund or Share Class will be redeemed.

The Fund may also decide to close a Sub-Fund or Share Class to new subscriptions or new investors where that Sub-Fund or Share Class has reached its maximum or expected level of assets under management. In such event, applications for subscription will be refused, in whole or in part, and subscription proceeds previously received by the Fund will be returned to the applicant.

7.8.3 Suspension of issue, redemption or conversion of Shares

The issue, redemption or conversion of Shares in a Share Class shall be suspended whenever the determination of the Net Asset Value per Share of such Share Class is suspended by the Fund in accordance with section 8.4 (Temporary suspension of the Net Asset Value calculation) below and in other circumstances specified in the Articles of Association and this Prospectus.

Suspended subscriptions, redemptions and conversions will be treated as deemed applications for subscriptions, redemptions or conversions in respect of the first Subscription Day, Redemption Day or Conversion Day following the end of the suspension period unless the investors have withdrawn their applications for subscription, redemption or conversion by written notification received by the Fund before the end of the suspension period.

7.8.4 Deferral of redemption or conversion of Shares

If on any given Redemption or Conversion Day, applications for redemption or conversion of Shares out of a Sub-Fund or Share Class represent in aggregate more than ten percent (10%) of the Net Asset Value of the Sub-Fund or Share Class, the Fund may decide that part (on a *pro rata* basis) or all of such requests for redemption or conversion will be deferred to the next or subsequent Redemption or Conversion Days for a period generally not exceeding ten (10) Business Days until the application is processed in full. On a next or subsequent Redemption or Conversion Day, deferred redemption or conversion requests will be met in priority to requests submitted in respect of such Redemption Day or Conversion Day.

The Fund also reserves the right to postpone the payment of redemption proceeds after the end of the normal Redemption Settlement Period in accordance with the provisions set out in section 7.5 (Redemption of Shares) above.

As an alternative to deferring applications for redemptions, the Fund may propose to an investor, who accepts, to settle a redemption application, in whole or in part, by a distribution in kind of certain assets of the Sub-Fund or Share Class in lieu of cash, subject to the conditions set out in section 7.5 (Redemption of Shares) above.

7.9 Late trading, market timing and other prohibited practices

The Fund does not permit late trading practices as such practices may adversely affect the interests of investors. In general, late trading is to be understood as the acceptance of a subscription, redemption or conversion order for Shares after the Cut-Off Time for a Subscription, Redemption or Conversion Day and the execution of such order at a price based on the Net Asset Value applicable to such same day. However, as mentioned above, the Fund may accept subscription, conversion or redemption applications received after the Cut-Off Time, in circumstances where the subscription, redemption or conversion applications are dealt with on an unknown Net Asset Value basis, provided that it is in the interest of the Sub-Fund and that investors are fairly treated. In particular, the Fund may waive the Cut-Off Time

where a Distributor submits the application to the Administrator after the Cut-Off Time provided that such application has been received by the Distributor from the investor in advance of the Cut-Off Time.

Subscriptions and conversions of Shares should be made for investment purposes only. The Fund does not permit market timing or other excessive trading practices. Market timing is to be understood as an arbitrage method by which an investor systematically subscribes and redeems or converts Shares of the same Sub-Fund or Share Class within a short time period, by taking advantage of time differences and/or imperfections or deficiencies in the method of determination of the Net Asset Value. Excessive, short-term (market timing) trading practices may disrupt portfolio management strategies and harm fund performance. To minimise harm to the Fund and other investors, the Fund has the right to reject any subscription or conversion order, or levy in addition to any Subscription Fee, Redemption Fee or Conversion Fee which may be charged according to the Supplement, a fee of up to two percent (2%) of the value of the order for the benefit of the Sub-Fund or Share Class, from any investor who is engaging or is suspected of engaging in excessive trading, or has a history of excessive trading, or if an investor's trading, in the opinion of the Board of Directors, has been or may be disruptive to the Fund. In making this judgment, the Board of Directors may consider trading done in multiple accounts under common ownership or control.

The Fund also has the power to compulsorily redeem all Shares held by, on behalf or for the account or benefit of, an investor who is or has been engaged in, or is suspected of being engaged in, late trading, market timing or other excessive trading, in accordance with the procedure set out in this Prospectus. The Board of Directors considers such persons as Prohibited Persons.

The Fund will not be held liable for any loss resulting from rejected orders or compulsory redemptions.

7.10 Prohibited Persons

The Articles of Association give powers to the Board of Directors to restrict or prevent the legal or beneficial ownership of Shares or prohibit certain practices such as late trading and market timing by any person (individual, corporation, partnership or other entity), if in the opinion of the Board of Directors such ownership or practices may (i) result in a breach of any provisions of the Articles of Association, the Prospectus or the laws or regulations of any jurisdiction, or (ii) require the Fund, the Management Company or the Investment Manager to be registered under any laws or regulations whether as an investment fund or otherwise, or cause the Fund to be required to comply with any registration requirements in respect of any of its Shares, whether in the United States of America or any other jurisdiction, or (iii) may cause the Fund, the Management Company or the Investment Manager or the investors any legal, regulatory, taxation, administrative or financial disadvantages which they would not have otherwise incurred (a Prohibited Person).

The Shares have not been registered under any United States stock exchange law. The Fund represents and warrants that its Shares will not be offered, sold or delivered to US investors ("US Person"). A US Person is any person who (i) is a United States person within the meaning of Section 7701(a)(30) of the US Internal Revenue Code of 1986, as amended, and the Treasury Regulations promulgated thereunder, (ii) is a US person within the meaning of Regulation S under the US Securities Act of 1933 (17 CFR § 230.902(k)), (iii) is not a Non-United States person within the meaning of Rule 4.7 of the US Commodity Futures Trading Commission Regulations (17 CFR § 4.7(a)(1)(iv)), (iv) is in the United States within the meaning of Rule 202(a)(30)-1 under the US Investment Advisers Act of 1940, as amended, or (v) any trust, entity or other structure formed for the purpose of allowing US Persons to invest in the Fund.

The Board of Directors has also decided that any person not qualifying as an Eligible Investor will be considered as a Prohibited Person.

Furthermore, the Board of Directors has decided that any person who is or has been engaged in, or is suspected of being engaged in, late trading, market timing or other excessive trading, directly or indirectly, as described in section 7.9 (Late trading, market timing and other prohibited practices) above, will be considered as a Prohibited Person.

The Fund may decline to issue any Shares and to accept any transfer of Shares, where it appears that such issue or transfer would or might result in Shares being acquired or held by, on behalf or for the account or benefit of, Prohibited Persons. The Fund may require at any time any investor or prospective investor to provide the Fund with any information, together with supporting documentation, which the Fund may consider necessary for the purpose of determining whether the issue or transfer would result in Shares being held by, on behalf or for the account or benefit of, a Prohibited Person.

The Fund may compulsorily redeem all Shares held by, on behalf or for the account or benefit of, Prohibited Persons. In such cases, the Fund will notify the investor of the reasons which justify the compulsory redemption of Shares, the number of Shares to be redeemed and the indicative Redemption Day on which the compulsory redemption will occur. The Redemption Price shall be determined in accordance with section 7.5 (Redemption of Shares) above.

The Fund may also grant a grace period to the investor for remedying the situation causing the compulsory redemption, for instance by transferring the Shares to one or more investors who are not Prohibited Persons and do not act on behalf or for the account or benefit of, Prohibited Persons, and/or propose to convert the Shares held by any investor who fails to satisfy the investor eligibility requirements for a Shares Class into Shares of another Share Class available for such investor.

The Fund reserves the right to require the investor to indemnify the Fund against any losses, costs or expenses arising as a result of any Shares being held by, on behalf or for the account or benefit of, a Prohibited Person. The Fund may pay such losses, costs or expenses out of the proceeds of any compulsory redemption described above and/or redeem all or part of the investor's other Shares, if any, in order to pay for such losses, costs or expenses.

7.11 Prevention of money laundering

Pursuant to international rules and Luxembourg laws and regulations (comprising but not limited to the law of 12 November 2004 on the fight against money laundering and financing of terrorism, as amended), the Grand Ducal Regulation dated 1 February 2010, CSSF Regulation 12-02 of 14 December 2012 and CSSF Circular 13/556 concerning the fight against money laundering and terrorist financing, and any respective amendments or replacements, obligations have been imposed on all professionals of the financial sector to prevent the use of UCIs for money laundering and financing of terrorism purposes. As a result of such provisions, the registrar agent of a Luxembourg UCI must ascertain the identity of the subscriber in accordance with Luxembourg laws and regulations. The Administrator may require subscribers to provide any document it deems necessary to effect such identification.

8. VALUATION AND NET ASSET VALUE CALCULATION

The Net Asset Value of each Sub-Fund and Share Class is determined by performing a valuation of the assets and liabilities of the Fund and allocating them to the Sub-Funds and Share Classes, in order to calculate the Net Asset Value per Share of each Share Class of each Sub-Fund. The method for the valuation of the assets and liabilities, the allocation to the Sub-Funds and Share Classes, and the calculation of the Net Asset Value is set out in the Articles of Association and is also described in this section of the Prospectus.

8.1 Calculation of the Net Asset Value

The Net Asset Value per Share shall be determined by the Administrator as of each Valuation Day (as specified for each Sub-Fund in the Supplement) and at least twice a month. It shall be calculated by dividing the Net Asset Value of the Share Class of a Sub-Fund by the total number of Shares of such Share Class in issue as of that Valuation Day. The Net Asset Value per Share shall be expressed in the Reference Currency of the Share Class and may be rounded up or down to two (2) decimal places.

The Net Asset Value of a Share Class is equal to the value of the assets allocated to such Share Class within a Sub-Fund less the value of the liabilities allocated to such Share Class, both being calculated as of each Valuation Day according to the valuation procedure described below.

The Net Asset Value of a Sub-Fund is equal to the value of the assets allocated to such Sub-Fund less the value of the liabilities allocated to such Sub-Fund, both calculated as of each Valuation Day in the Reference Currency of the Sub-Fund according to the valuation procedure described below.

The Net Asset Value of the Fund will at all times be equal to the sum of the Net Asset Values of all Sub-Funds expressed in the Reference Currency of the Fund. The Net Asset Value of the Fund must at all times be at least equal to the minimum share capital required by the 2010 Law which is currently 1,250,000 EUR, except during the first six (6) months after the approval of the Fund by the CSSF.

8.2 Valuation procedure

8.2.1 General

The assets and liabilities of the Fund will be valued in accordance with the Articles of Association and the provisions outlined below.

The Board of Directors may apply, in good faith and in accordance with generally accepted valuation principles and procedures, other valuation principles or alternative methods of valuation that it considers appropriate in order to determine the probable realisation value of any asset if applying the rules described below appears inappropriate or impracticable.

The Board of Directors may adjust the value of any asset if the Board of Directors determines that such adjustment is required to reflect its fair value taking into account its denomination, maturity, liquidity, applicable or anticipated interest rates or dividend distributions or any other relevant considerations.

If, after the time of determination of the Net Asset Value but before publication of the Net Asset Value for a Valuation Day, there has been a material change affecting the exchanges or markets on which a substantial portion of the investments of a Sub-Fund are quoted, listed or

traded, the Board of Directors may cancel the first valuation and carry out a second valuation in order to safeguard the interest of investors. In such a case, the Net Asset Value used for processing subscription, redemption and conversion applications for that Valuation Day will be based on the second calculation.

For the purpose of calculating the Net Asset Value in accordance with the valuation principles set out below, the Board of Directors has authorised the Administrator to rely in whole or in part upon valuations provided by available pricing sources for the relevant asset, including data vendors and pricing agencies (such as Bloomberg or Reuters), fund administrators, brokers, dealers and valuation specialists, provided that such pricing sources are considered reliable and appropriate and provided that there is no manifest error or negligence in such valuations. In the event that valuations are not available or valuations may not correctly be assessed using such pricing sources, the Administrator will rely upon valuation methods and determinations provided by the Board of Directors.

The Board of Directors and the Administrator may consult with and seek the advice of the Investment Manager in valuing the Fund's assets. Where the Board of Directors considers it necessary, it may seek the assistance of a valuation committee whose task will be the prudent estimation of certain assets' values in good faith.

In the absence of fraud, bad faith, gross negligence or manifest error, any decision taken in accordance with the Articles of Association and the Prospectus by the Board of Directors or any agent appointed by the Board of Directors in connection with the valuation of the Fund's assets and the calculation of the Net Asset Value of the Fund, a Sub-Fund or a Share Class, the Net Asset Value per Share will be final and binding on the Fund and on all investors, and neither the Board of Directors nor any agent appointed by the Board of Directors shall incur any individual liability or responsibility for any determination made or other action taken or omitted by them in this connection.

8.2.2 Assets of the Fund

Subject to the rules on the allocation to Sub-Funds and Share Classes below, the assets of the Fund shall include the following:

- 1) all cash on hand or on deposit, including any outstanding accrued interest;
- 2) all bills and any types of notes or accounts receivable, including outstanding proceeds of any disposal of financial instruments;
- 3) all securities and financial instruments, including shares, bonds, notes, certificates of deposit, debenture stocks, options or subscription rights, warrants, money market instruments and all other investments belonging to the Fund;
- 4) all dividends and distributions payable to the Fund either in cash or in the form of stocks and shares (which will normally be recorded in the Fund's books as of the ex-dividend date, provided that the Fund may adjust the value of the security accordingly);
- 5) all outstanding accrued interest on any interest-bearing instruments belonging to the Fund, unless this interest is included in the principal amount of such instruments;
- 6) the formation expenses of the Fund or a Sub-Fund, to the extent that such expenses have not already been written off; and
- 7) all other assets of any kind and nature including expenses paid in advance.

8.2.3 Liabilities of the Fund

Subject to the rules on the allocation to Sub-Funds and Share Classes below, the liabilities of the Fund shall include the following:

- 1) all loans, bills or accounts payable, accrued interest on loans (including accrued fees for commitment for such loans);
- 2) all known liabilities, whether or not already due, including all contractual obligations that have reached their term, involving payments made either in cash or in the form of assets, including the amount of any dividends declared by the Fund but not yet paid;
- 3) a provision for any tax accrued to the Valuation Day and any other provisions authorised or approved by the Fund; and
- 4) all other liabilities of the Fund of any kind recorded in accordance with applicable accounting rules, except liabilities represented by Shares. In determining the amount of such liabilities, the Fund will take into account all expenses, fees, costs and charges payable by the Fund as set out in section 9 (Fees and expenses) below.

Adequate provisions shall be made for unpaid administrative and other expenses of a regular or recurring nature based on an estimated amount accrued for the applicable period. Any off-balance sheet liabilities shall duly be taken into account in accordance with fair and prudent criteria.

The fees and expenses incurred in connection with the formation of the Fund will be borne by the Fund and may be amortised over a period of up to five (5) years. The formation expenses of each new Sub-Fund will be borne by such Sub-Fund and may be amortised over a period of up to five (5) years. New Sub-Funds created after the incorporation and launch of the Fund will participate in the non-amortised costs of establishment of the Fund.

8.2.4 Valuation principles

In accordance with the Articles of Association, the valuation of the assets of the Fund will be conducted as follows:

- 1) The value of any cash on hand or on deposit, bills or notes payable, accounts receivable, prepaid expenses, cash dividends and interest accrued but not yet received shall be equal to the entire nominal or face amount thereof, unless the same is unlikely to be paid or received in full, in which case the value thereof shall be determined after making such discount as the Board of Directors may consider appropriate in such case to reflect the true value thereof.
- 2) Transferable Securities and Money Market Instruments which are quoted, listed or traded on an exchange or regulated market will be valued, unless otherwise provided under paragraphs 3) and 6) below, at the last available market price or quotation, prior to the time of valuation, on the exchange or regulated market where the securities or instruments are primarily quoted, listed or traded. Where securities or instruments are quoted, listed or traded on more than one exchange or regulated market, the Board of Directors will determine on which exchange or regulated market the securities or instruments are primarily quoted, listed or traded and the market prices or quotations on such exchange or regulated market will be used for the purpose of their valuation. Transferable Securities and Money Market Instruments for which market prices or quotations are not available or representative, or which are not quoted, listed or traded

on an exchange or regulated market, will be valued at their probable realisation value estimated with care and in good faith by the Board of Directors using any valuation method approved by the Board of Directors.

- 3) Notwithstanding paragraph 2) above, where permitted under applicable laws and regulations, Money Market Instruments not traded on a stock exchange or on another regulated market open to the public will be valued on the basis of the relevant curves. Curve-based valuations are calculated from interest rates and credit spreads. The following principles are applied in this process: the interest rate nearest the residual maturity is interpolated for each money market instrument. Thus calculated, the interest rate is converted into a market price by adding a credit spread that reflects the creditworthiness of the underlying borrower. This credit spread is adjusted if there is a significant change in the borrower's credit rating.
- 4) Financial derivative instruments which are quoted, listed or traded on an exchange or regulated market will be valued at the last available settlement price or, if such settlement price is not available, the last available bid price, prior to the time of valuation, on the exchange or regulated market where the instruments are primarily quoted, listed or traded. Where instruments are quoted, listed or traded on more than one exchange or regulated market, the Board of Directors will determine on which exchange or regulated market the instruments are primarily quoted, listed or traded and the closing or settlement prices or quotations on such exchange or regulated market will be used for the purpose of their valuation. Financial derivative instruments for which closing or settlement prices or quotations are not available or representative will be valued at their probable realisation value estimated with care and in good faith by the Board of Directors using any valuation method approved by the Board of Directors.
- 5) Financial derivative instruments which are traded "over-the-counter" (OTC) will be valued daily at their fair market value, on the basis of valuations provided by the counterparty which will be approved or verified on a regular basis independently from the counterparty. Alternatively, OTC financial derivative instruments may be valued on the basis of independent pricing services or valuation models approved by the Board of Directors which follow international best practice and valuation principles. Any such valuation will be reconciled to the counterparty valuation on a regular basis independently from the counterparty, and significant differences will be promptly investigated and explained.
- 6) Notwithstanding paragraph 2) above, shares or units in target investment funds (including UCITS and UCI) will be valued at their latest available official net asset value, as reported or provided by or on behalf of the investment fund or at their latest available unofficial or estimated net asset value if more recent than the latest available official net asset value, provided that the Board of Directors is satisfied of the reliability of such unofficial net asset value. The Net Asset Value calculated on the basis of unofficial net asset values of the target investment fund may differ from the Net Asset Value which would have been calculated, on the same Valuation Day, on the basis of the official net asset value of the target investment fund. Alternatively, shares or units in target investment funds which are quoted, listed or traded on an exchange or regulated market may be valued in accordance with the provisions of paragraph 2) above.
- 7) The value of any other asset not specifically referenced above will be the probable realisation value estimated with care and in good faith by the Board of Directors using any valuation method approved by the Board of Directors.

8.2.5 Allocation of assets and liabilities to Sub-Funds and Share Classes

Assets and liabilities of the Fund will be allocated to each Sub-Fund and Share Class in accordance with the provisions of the Articles of Association, as set out below, and the Supplement of the Sub-Fund.

- 1) The proceeds from the issue of Shares of a Sub-Fund or Share Class, all assets in which such proceeds are invested or reinvested and all income, earnings, profits or assets attributable to or deriving from such investments, as well as all increase or decrease in the value thereof, will be allocated to that Sub-Fund or Share Class and recorded in its books. The assets allocated to each Share Class of the same Sub-Fund will be invested together in accordance with the investment objective, policy, and strategy of that Sub-Fund, subject to the specific features and terms of issue of each Share Class of that Sub-Fund, as specified in its Supplement (see section 7.1 (Shares, Sub-Funds and Share Classes) above)
- 2) All liabilities of the Fund attributable to the assets allocated to a Sub-Fund or Share Class or incurred in connection with the creation, operation or liquidation of a Sub-Fund or Share Class will be charged to that Sub-Fund or Share Class and, together with any increase or decrease in the value thereof, will be allocated to that Sub-Fund or Share Class and recorded in its books. In particular and without limitation, the costs and any benefit of any Share Class specific feature will be allocated solely to the Share Class to which the specific feature relates.
- 3) Any assets or liabilities not attributable to a particular Sub-Fund or Share Class may be allocated by the Board of Directors in good faith and in a manner which is fair to investors generally and will normally be allocated to all Sub-Funds or Share Classes *pro rata* to their Net Asset Value.

Subject to the above, the Board of Directors may at any time vary the allocation of assets and liabilities previously allocated to a Sub-Fund or Share Class.

8.2.6 Additional rules for assets and liabilities of the Fund

In calculating the Net Asset Value of each Sub-Fund or Share Class the following principles will apply.

- 1) Each Share agreed to be issued by the Fund on each Subscription Day will be deemed to be in issue and existing immediately after the time of valuation on the Subscription Day. From such time and until the Subscription Price is received by the Fund, the assets of the Sub-Fund or Share Class concerned will be deemed to include a claim of that Sub-Fund or Share Class for the amount of any cash or other property to be received in respect of the issue of such Shares. The Net Asset Value of the Sub-Fund or Share Class will be increased by such amount immediately after the time of valuation on the Subscription Day.
- 2) Each Share agreed to be redeemed by the Fund on each Redemption Day will be deemed to be in issue and existing until and including the time of valuation on the Redemption Day. Immediately after the time of valuation and until the Redemption Price is paid by the Fund, the liabilities of the Sub-Fund or Share Class concerned will be deemed to include a debt of that Sub-Fund or Share Class for the amount of any cash or other property to be paid in respect of the redemption of such Shares. The Net Asset Value of the Sub-Fund or Share Class will be decreased by such amount immediately after the time of valuation on the Redemption Day.

- 3) Following a declaration of dividends for Distribution Shares on a Valuation Day determined by the Fund to be the distribution accounting date, the Net Asset Value of the Sub-Fund or Share Class will be decreased by such amount as of the time of valuation on that Valuation Day.
- 4) Where assets have been agreed to be purchased or sold but such purchase or sale has not been completed at the time of valuation on a given Valuation Day, such assets will be included in or excluded from the assets of the Fund, and the gross purchase price payable or net sale price receivable will be excluded from or included in the assets of the Fund, as if such purchase or sale had been duly completed at the time of valuation on that Valuation Day, unless the Fund has reason to believe that such purchase or sale will not be completed in accordance with its terms. If the exact value or nature of such assets or price is not known at the time of valuation on the Valuation Day, its value will be estimated by the Fund in accordance with the valuation principles described above.
- 5) The value of any asset or liability denominated or expressed in a currency other than the Reference Currency of the Fund, Sub-Fund or Share Class will be converted, as applicable, into the Reference Currency of the Fund, Sub-Fund or Share Class at the prevailing foreign exchange rate at the time of valuation on the Valuation Day concerned which the Board of Directors considers appropriate.

8.2.7 Adjustments (sub-section 8.2.7 does not apply to the Sub-Fund Kersio Lux – Kersio Equity)

In certain circumstances, subscriptions, redemptions, and conversions in a Sub-Fund may have a negative impact on the Net Asset Value per Share. Where subscriptions, redemptions, and conversions in a Sub-Fund cause the Sub-Fund to buy and/or sell underlying investments, the value of these investments may be affected by bid/offer spreads, trading costs and related expenses including transaction charges, brokerage fees, and taxes. This investment activity may have a negative impact on the Net Asset Value per Share called “dilution”. In order to protect existing or remaining investors from the potential effect of dilution, the Fund may apply a “swing pricing” methodology or an anti-dilution levy as further explained below and in the Supplement of the relevant Sub-Fund, if applicable. The swing pricing methodology and the anti-dilution levy cannot apply at the same time to subscription and/or redemption orders in respect of the same Valuation Day.

The Fund may apply a so-called “swing pricing” methodology which adjusts the Net Asset Value per Share to account for the aggregate costs of buying and/or selling underlying investments. The Net Asset Value per Share will be adjusted by a certain percentage set by the Board of Directors from time to time for each Sub-Fund called the “swing factor” which represents the estimated bid-offer spread of the assets in which the Sub-Fund invests and estimated tax, trading costs, and related expenses that may be incurred by the Sub-Fund as a result of buying and/or selling underlying investments (called the Swing Factor). As certain stock markets and jurisdictions may have different charging structures on the buy and sell sides, the Swing Factor may be different for net subscriptions and net redemptions in a Sub-Fund. Generally, the Swing Factor will not exceed two percent (2%) of the Net Asset Value per Share unless otherwise set out for each Sub-Fund in the Supplement. A periodical review will be undertaken in order to verify the appropriateness of the Swing Factor in view of market conditions.

The Board of Directors will determine if a partial swing or full swing is adopted. If a partial swing is adopted, the Net Asset Value per Share will be adjusted upwards or downwards if net subscriptions or redemptions in a Sub-Fund exceed a certain threshold set by the Board of Directors from time to time for each Sub-Fund (called the Swing Threshold). If a full swing is

adopted, no Swing Threshold will apply. The Swing Factor will have the following effect on subscriptions or redemptions:

- 1) on a Sub-Fund experiencing levels of net subscriptions on a Valuation Day (i.e. subscriptions are greater in value than redemptions) (in excess of the Swing Threshold, where applicable) the Net Asset Value per Share will be adjusted upwards by the Swing Factor; and
- 2) on a Sub-Fund experiencing levels of net redemptions on a Valuation Day (i.e. redemptions are greater in value than subscriptions) (in excess of the Swing Threshold, where applicable) the Net Asset Value per Share will be adjusted downwards by the Swing Factor.

The volatility of the Net Asset Value of the Sub-Fund might not reflect the true portfolio performance (and therefore might deviate from the Sub-Fund's benchmark, where applicable) as a consequence of the application of swing pricing. The Performance Fee, where applicable, will be charged on the basis of the unswung Net Asset Value of the Sub-Fund.

An extra charge may be levied by the Fund on investors subscribing or redeeming Shares to account for the aggregate costs of buying and/or selling underlying investments related to such subscriptions or redemptions (called the Anti-Dilution Levy). The rate of the Anti-Dilution Levy will be set by the Board of Directors from time to time for each Sub-Fund so as to represent the estimated bid-offer spread of the assets in which the Sub-Fund invests and estimated tax, trading costs, and related expenses that may be incurred by the Sub-Fund as a result of buying and/or selling underlying investments. The Anti-Dilution Levy will not exceed two percent (2%) of the Net Asset Value per Share unless otherwise set out for each Sub-Fund in the Supplement. A periodical review will be undertaken in order to verify the appropriateness of the Anti-Dilution Levy in view of market conditions.

The Board of Directors will determine if the Anti-Dilution Levy will apply to all investors subscribing or redeeming Shares on a Valuation Day or if the Anti-Dilution Levy will apply only on a Valuation Day where net subscriptions or redemptions in a Sub-Fund exceed a certain threshold set by the Board of Directors from time to time for each Sub-Fund (called the Anti-Dilution Threshold). The Anti-Dilution Levy will have the following effect on subscriptions or redemptions:

- 1) on a Sub-Fund experiencing levels of net subscriptions on a Valuation Day (i.e. subscriptions are greater in value than redemptions) (in excess of the Anti-Dilution Threshold, if applicable) the Anti-Dilution Levy will be added as a premium to the Subscription Price; and
- 2) on a Sub-Fund experiencing levels of net redemptions on a Valuation Day (i.e. redemptions are greater in value than subscriptions) (in excess of the Anti-Dilution Threshold, if applicable) the Anti-Dilution Levy will be deducted as a discount to the Redemption Price.

The Anti-Dilution Levy will be allocated to the assets of the Sub-Fund and will, therefore, benefit the existing or remaining investors.

8.3 Publication of the Net Asset Value

The publication of the Net Asset Values will take place on the next Business Day after a Valuation Day unless otherwise provided for in the Supplement. The Net Asset Value per

Share of each Share Class within each Sub-Fund will be available from the Administrator during normal business hours.

The Net Asset Value per Share of any Share Class or Sub-Fund which is listed on the Luxembourg Stock Exchange or any other exchange will be notified to such exchange upon calculation.

8.4 Temporary suspension of the Net Asset Value calculation

The Board of Directors, upon consultation with the Management Company, may temporarily suspend the calculation and publication of the Net Asset Value per Share of any Share Class in any Sub-Fund and/or where applicable, the issue, redemption and conversion of Shares of any Share Class in any Sub-Fund in the following cases:

- 1) when any exchange or regulated market that supplies the price of the assets of a Sub-Fund is closed for reasons other than for ordinary holidays, or in the event that transactions on such exchange or market are suspended, subject to restrictions, or impossible to execute in volumes allowing the determination of fair prices;
- 2) when the information or calculation sources normally used to determine the value of the assets of a Sub-Fund are unavailable;
- 3) during any period when any breakdown or malfunction occurs in the means of communication network or IT media normally employed in determining the price or value of the assets of a Sub-Fund, or which is required to calculate the Net Asset Value per Share;
- 4) when exchange, capital transfer or other restrictions prevent the execution of transactions of a Sub-Fund or prevent the execution of transactions at normal rates of exchange and conditions for such transactions;
- 5) when exchange, capital transfer or other restrictions prevent the repatriation of assets of a Sub-Fund for the purpose of making payments on the redemption of Shares or prevent the execution of such repatriation at normal rates of exchange and conditions for such repatriation;
- 6) when the legal, political, economic, military or monetary environment, or an event of force majeure, prevent the Fund from being able to manage the assets of a Sub-Fund in a normal manner and/or prevent the determination of their value in a reasonable manner;
- 7) when there is a suspension of the Net Asset Value calculation or of the issue, redemption or conversion rights by the investment fund(s) in which a Sub-Fund is invested;
- 8) following the suspension of the Net Asset Value calculation and/or the issue, redemption and conversion at the level of a Master Fund in which a Sub-Fund invests as a Feeder Fund;
- 9) when, for any other reason, the prices or values of the assets of a Sub-Fund cannot be promptly or accurately ascertained or when it is otherwise impossible to dispose of the assets of the Sub-Fund in the usual way and/or without materially prejudicing the interests of investors;

- 10) in the event of a notice to shareholders of the Fund convening an extraordinary general meeting of shareholders for the purpose of dissolving and liquidating the Fund or informing them about the termination and liquidation of a Sub-Fund or Share Class, and more generally, during the process of liquidation of the Fund, a Sub-Fund or Share Class;
- 11) during the process of establishing exchange ratios in the context of a merger, a contribution of assets, an asset or share split or any other restructuring transaction;
- 12) during any period when the dealing of the Shares of a Sub-Fund or Share Class on any relevant stock exchange where such Shares are listed is suspended or restricted or closed; and
- 13) in exceptional circumstances, whenever the Board of Directors considers it necessary in order to avoid irreversible negative effects on the Fund, a Sub-Fund or Share Class, in compliance with the principle of fair treatment of investors in their best interests.

In the event of exceptional circumstances which could adversely affect the interest of investors or where significant requests for subscription, redemption or conversion of Shares are received for a Sub-Fund or Share Class, the Board of Directors reserves the right to determine the Net Asset Value per Share for that Sub-Fund or Share Class only after the Fund has completed the necessary investments or divestments in securities or other assets for the Sub-Fund or Share Class concerned.

The issue, redemption and conversion of Shares in the any Share Class will also be suspended during any such period when the Net Asset Value of such Share Class is not calculated and published.

Any decision to suspend the calculation and publication of the Net Asset Value per Share and/or where applicable, the issue, redemption and conversion of Shares of a Share Class, will be published and/or communicated to investors as required by applicable laws and regulations in Luxembourg and other jurisdictions where the Shares are distributed and posted on www.kersio.com where appropriate.

The suspension of the calculation of the Net Asset Value and/or, where applicable, of the subscription, redemption and/or conversion of Shares in any Sub-Fund or Share Class will have no effect on the calculation of the Net Asset Value and/or, where applicable, of the subscription, redemption and/or conversion of Shares in any other Sub-Fund or Share Class.

Suspended subscription, redemption, and conversion applications will be treated as deemed applications for subscriptions, redemptions or conversions in respect of the first Subscription Day, Redemption Day or Conversion Day following the end of the suspension period unless the investors have withdrawn their applications for subscription, redemption or conversion by written notification received by the Administrator before the end of the suspension period.

9. FEES AND EXPENSES

9.1 Subscription Fee and Redemption Fee

Subscriptions for Shares may be subject to a Subscription Fee and redemptions of Shares may be subject to a Redemption Fee both calculated as specified in the Supplement, where applicable. Conversions of Shares may be subject to a Conversion Fee calculated as specified in the Supplement, where applicable. For the avoidance of doubt, no Subscription Fee or Redemption Fee will apply on conversions in addition to the Conversion Fee, if any. The Subscription Fee will either be paid directly to the Fund or may also be paid in whole or in part to the the Distributor(s) or any intermediary acting in relation to the distribution of Shares. No different rates of the Subscription Fee or Redemption Fee will apply for subscriptions or redemptions of the same Subscription Day or Redemption Day.

The Redemption Fee and Conversion Fee will be paid to the Fund. The Fund may pay all or part of such fees received to the Distributors as commissions or other fee arrangements. The Fund may in its discretion waive all or part of the Subscription Fee, Redemption Fee or Conversion Fee.

Should a Sub-Fund qualify as a Master Fund, no Subscription Fee, Redemption Fee or Conversion Fee will be charged in respect of subscription, redemption or conversion requests of any Feeder Fund of that Master Fund.

Banks and other financial intermediaries appointed by or acting on behalf of the investors may charge administration and/or other fees or commissions to the investors pursuant to arrangements between those banks or other financial intermediaries and the investors. The Fund has no control over such arrangements.

9.2 Management Company Fee

The Management Company will be entitled to receive out of the assets of the Fund Management Company Fees of EUR 20'000 p.a. (on umbrella level). In addition, the Management Company will be entitled to a Management Company Fee equal to a percentage of the Net Asset Value with a minimum annual fee as set-out in the supplement of each Sub-Fund. The Management Company Fee will be calculated by reference to the Net Asset Value of each Sub-Fund calculated on each Valuation Day and be payable on a monthly basis in arrears. The Management Company will also be entitled to reimbursement of reasonable out-of-pocket expenses properly incurred in carrying out its duties. These fees will be paid directly out of the respective Sub-Fund's assets to the Management Company.

The Management Company Fee covers the fees in relation with the Risk Management and the supervision of the delegated functions. For the avoidance of doubt, the Management Company Fee does not cover Investment management, central administration, registrar and transfer agency as well as domiciliation and corporate secretary services, marketing and distribution services performed respectively by the Investment Manager, the Administrator and the Distributor(s). The Fund pays separate fees to the Management Company for the services of Investment Manager, the Administrator as well as Distributor(s) as described below.

9.3 Investment Manager Fee

The Investment Manager will be entitled to receive from the Management Company a customary fee equal to a percentage of the Net Asset Value of each Sub-Fund or Share Class, as set out in the Supplement for each Sub-Fund or Share Class. The Investment Manager fee will be calculated by reference to the Net Asset Value of each Sub-Fund or Share Class and

will accrue on each Valuation Day and will be payable monthly in arrears out of the assets of each Sub-Fund to the Management Company. The Management Company will pay such fee to the Investment Manager. The Investment Manager may from time to time, at its sole discretion, decide to waive all or part of its fee.

9.4 Performance Fee

The Investment Manager may be entitled to receive a Performance Fee with respect to certain Sub-Funds or Share Classes. The payment and size of the Performance Fee depends on the performance of the Sub-Fund or Share Class over a specified time period. The Performance Fee is calculated and accrued at each Valuation Day on the basis of the Net Asset Value after deducting all fees and expenses, including the Management Fee and the Investment Manager Fee (but not the Performance Fee) and adjusting for subscriptions and redemptions during the performance period so these will not affect the calculation of the Performance Fee. The Performance Fee is paid out of the assets of the Fund to the Management Company and allocated to the relevant Sub-Funds and Share Classes as described in section 8.2 (Valuation procedure) above. The Management Company will pay such fee to the Investment Manager. Details regarding the calculation and payment of Performance Fees are contained in the Supplement.

9.5 Fees of the Depositary and the Paying Agent

The Depositary and Paying Agent will be entitled to receive out of the assets of each Sub-Fund a fee equal to a percentage of the Net Asset Value of each Sub-Fund or Share Class subject to a minimum fee per Sub-Fund or Share Class. The Depositary fee will be calculated on the Net Asset Value of each Sub-Fund, subject to a maximum rate of 0,049% p.a. and subject to a minimum of 15,000 EUR p.a. per Sub-Fund. The Depositary fee is charged to the Sub-Funds on a pro rata basis on each Valuation Day and paid on a monthly basis in arrears to the Depositary out of the Sub-Fund's assets. Further fees may be payable to the Depositary in consideration of ancillary services rendered to the Sub-Funds and relating to the core services of the Depositary. These fees will be paid directly out of the relevant Sub-Fund's assets to the Depositary. The Depositary will also be entitled to transaction fees charged on the basis of the investments made by each Sub-Fund consistent with market practice in Luxembourg. Fees paid to the Depositary may vary depending on the nature of the investments of each Sub-Fund and the countries and/or markets in which the investments are made. The Depositary will also be entitled to reimbursement of reasonable out-of-pocket expenses properly incurred in carrying out its duties upon approval by the Management Company

9.6 Fees of the Distributors

To the extent permitted under applicable laws and regulations, the Distributor will be entitled to receive from the Management Company a fee in consideration of the marketing and distribution of certain Sub-Funds or Share Classes equal to a percentage of the Net Asset Value of each such Sub-Fund or Share Class, as further specified in the Supplement of each Sub-Fund. The Distributor fee will accrue on each Valuation Day and will be payable monthly in arrears out of the assets of each Sub-Fund to the Management Company. The Management Company will pay such fee to the Distributor.

9.7 Administrator and Transfer Agent Fee

The Administrator and Transfer Agent will be entitled to receive from the Management Company a customary fee equal to a percentage with a minimum annual fee as set out in the Supplement of each Sub-Fund. The Administrator fee will accrue on each Valuation Day and will be payable monthly in arrears out of the assets of each Sub-Fund to the Management Company. The Management Company will pay such fee to the Administrator.

Further fees may be payable to the Administrator in consideration of ancillary services rendered to the Fund and relating to the core services of the Administrator. These fees will be paid directly out of the Fund's assets to the Administrator.

9.8 Directors' fees and expenses

The members of the Board of Directors are entitled to receive a fee in consideration for their function. The Fund will also reimburse the members of the Board of Directors for appropriate insurance coverage and expenses and other costs incurred by the members of the Board of Directors in the performance of their duties, including reasonable out-of-pocket expenses, traveling costs incurred to attend meetings of the Board of Directors, and any costs of legal proceedings unless such costs are caused by intentional or grossly negligent conduct by the member of the Board of Directors in question. The Fund may also pay fees and expenses to members of any committee established by the Board of Directors, where applicable.

9.9 Operating and Administrative Expenses

The Fund bears all ordinary operating costs and expenses incurred in the operation of the Fund or any Sub-Fund or Share Class ("**Operating and Administrative Expenses**") including but not limited to costs and expenses incurred in connection with:

- 1) preparing, producing, printing, depositing, publishing and/or distributing any documents relating to the Fund, a Sub-Fund or Share Class that are required by applicable laws and regulations (such as the Articles of Association, this Prospectus, key investor information documents, financial reports and notices to investors) or any other documents and materials made available to investors (such as explanatory memoranda, statements, reports, factsheets and similar documents);
- 2) other fees in relation to the establishment and launch of the Fund;
- 3) organising and holding general meetings of shareholders and preparing, printing, publishing and/or distributing notices and other communications to shareholders;
- 4) professional advisory services (such legal, tax, accounting, compliance, auditing and other advisory services) taken by the Fund or the Management Company on behalf of the Fund;
- 5) investment services taken and/or data obtained by the Fund or the Management Company on behalf of the Fund (including fees and expenses incurred in obtaining investment research, systems and other services or data utilised for portfolio and risk management purposes);
- 6) the authorisation of the Fund, the Sub-Funds and Share Classes, regulatory compliance obligations and reporting requirements of the Fund (such as administrative fees, filing fees, insurance costs and other types of fees and expenses incurred in the course of regulatory compliance), and all types of insurance obtained on behalf of the Fund and/or the members of the Board of Directors;
- 7) initial and ongoing obligations relating to the registration and/or listing of the Fund, a Sub-Fund or Share Class and the distribution of Shares in Luxembourg and abroad (such as fees charged by and expenses payable to financial regulators, distributors, correspondent banks, representatives, listing agents, paying agents, fund platforms, and other agents and/or service providers appointed in this context, as well as advisory, legal, and translation costs);

- 8) due diligence fees and fees for the update of procedures charged by the Management Company to the Fund;
- 9) fees for domiciliation and corporate secretary services;
- 10) fees for the transfer agency services;
- 11) the determination and publication of tax factors for the EU/EEA Member States and/or any other countries where distribution licences and/or private placements exist, according to the actual expenditure incurred at market rates;
- 12) memberships or services provided by international organisations or industry bodies such as the Association of the Luxembourg Fund Industry (ALFI);
- 13) taxes, charges and duties payable to governments and local authorities (including the Luxembourg annual subscription tax (*taxe d'abonnement*) and any other taxes payable on assets, income or expenses) and any value added tax (VAT) or similar tax associated with any fees and expenses paid by the Fund; and
- 14) the reorganisation or liquidation of the Fund, a Sub-Fund or Share Class.

9.10 Transaction costs

Each Sub-Fund bears the costs and expenses arising from buying and selling portfolio assets and entering into other transactions in securities or other financial instruments, such as brokerage fees and commissions and all other fees, expenses, commissions, charges, premiums and interest paid to banks, brokers, execution agents or securities lending agents and/or incurred in participating in any repurchase, reverse repurchase and securities lending programs, collateral management fees and associated costs and charges, exchange fees, taxes, levies and stamp duties chargeable in connection with transactions in securities or other financial, and any other transaction-related expenses

9.11 Extraordinary expenses

In order to safeguard the interests of the Fund and its investors, the Fund or any Sub-Fund may bear any extraordinary expenses including, without limitation, expenses related to litigation and regulatory investigations (including penalties, fines, damages and indemnifications) and the full amount of any tax, levy, duty or similar charge imposed on the Fund or Sub-Fund that would not be considered as ordinary Operating and Administrative Expenses.

9.12 Formation expenses

The fees and expenses incurred in connection with the formation of the Fund will be borne by the Fund and may be amortised over a period of up to five (5) years from the date of incorporation of the Fund. The formation expenses of each new Sub-Fund will be borne by such Sub-Fund and may be amortised over a period of up to five (5) years. New Sub-Funds created after the incorporation and launch of the Fund will participate in the non-amortised formation expenses of the Fund.

10. GENERAL INFORMATION

10.1 Reports and financial statements

The financial statements of the Fund will be prepared in accordance with Luxembourg GAAP.

The financial year of the Fund will begin on 1 January of each year and end on 31 December of the same year. Each year, the Fund will issue an Annual Report as of the end of the previous financial year comprising, *inter alia*, the audited financial statements of the Fund and each Sub-Fund and a report of the Board of Directors on the activities of the Fund. The Fund will also issue a Semi-Annual Report as of 30 June of the current financial year. The first financial year will end on 31 December 2017 and the first Annual Report will be issued as of 31 December 2017.

The Annual Report shall be made available to investors within four (4) months following the end of the reporting period and the Semi-Annual Report will be made available to investors within two (2) months following the end of the reporting period. Investors may obtain, upon request, a copy of the latest financial reports from the Management Company free of charge and on www.kersio.com.

The Reference Currency of the Fund is the Euro. The Annual Report will comprise consolidated accounts of the Fund expressed in Euro as well as individual information on each Sub-Fund expressed in the Reference Currency of such Sub-Fund.

10.2 Meetings of shareholders

The annual general meeting of shareholders will be held each year in Luxembourg in order to approve the financial statements of the Fund for the previous financial year. The annual general meeting of shareholders will be held at the registered office of the Fund, or at such alternative location in Luxembourg as may be specified in the convening notice, at 3.00 pm (Luxembourg time) on the first Tuesday of June or, if such day is not a Business Day, on the next Business Day.

Other general meetings of shareholders may be held at such place and time as indicated in the convening notice in order to decide on any other matters relating to the Fund. General meetings of shareholders of any Sub-Fund or any Share Class within a Sub-Fund may be held at such time and place as indicated in the convening notice in order to decide on any matters which relate exclusively to such Sub-Fund or Share Class.

Notices of all general meetings will be published in the *RESA* and a Luxembourg newspaper and sent to all registered shareholders by ordinary mail; alternatively, convening notices will be sent to registered shareholders by registered mail or any other mean of communication as individually agreed with the relevant shareholders at least eight (8) calendar days prior to the meeting. Convening notices will also be published and/or communicated to investors as required by applicable laws and regulations in other jurisdictions where the Shares are distributed and posted on www.kersio.com. Notices will include the agenda and will specify the time and place of the meeting, the conditions of admission, and the quorum and voting requirements.

The requirements as to attendance, quorum, and majorities at all general meetings will be those laid down in the Articles of Association and in the 1915 Law. All shareholders may attend general meetings in person or by appointing another person as his proxy in writing or by facsimile, electronic mail or any other similar means of communication accepted by the Fund. A single person may represent several or even all shareholders of the Fund, a Sub-Fund or

Share Class. Each Share entitles the shareholder to one (1) vote at all general meetings of shareholders of the Fund, and at all meetings of the Sub-Fund or Share Class concerned to the extent that such Share is a Share of such Sub-Fund or Share Class.

10.3 Investors' rights

Upon the issue of the Shares, the person whose name appears on the register of Shares will become a shareholder of the Fund in relation to the relevant Sub-Fund and Share Class. The Fund draws the investors' attention to the fact that any investor will only be able to fully exercise his investor rights directly against the Fund, notably the right to participate in general shareholders' meetings, if the investor is himself a shareholder of the Fund. In cases where an investor invests in the Fund through an intermediary who invests into the Fund in his own name but on behalf of the investor, it may not always be possible for the investor to exercise certain shareholder rights directly against the Fund. Investors are advised to seek advice in relation to their rights.

The Articles of Association are governed by, and construed in accordance with, the laws currently in force in Luxembourg. The Subscription Form is expressed to be governed by, and construed in accordance with, the laws currently in force in Luxembourg, and contains a choice of international competence of the courts of the Grand-Duchy of Luxembourg.

There are no legal instruments in Luxembourg required for the recognition and enforcement of judgments rendered by a Luxembourg court. If a foreign, i.e. non-Luxembourg court, on the basis of mandatory domestic provisions, renders a judgment against the Fund, the rules of the Brussels I Regulation (regarding judgments from EU Member States) or the rules of the Lugano Convention or of the private international law of Luxembourg (regarding judgments from non-EU Member States) concerning the recognition and enforcement of foreign judgments apply. Investors are advised to seek advice, on a case-by-case basis, on the available rules concerning the recognition and enforcement of judgments.

Absent a direct contractual relationship between the investors and the service providers mentioned in section 6 (Management and Administration) above, the investors will generally have no direct rights against service providers and there are only limited circumstances in which an investor can potentially bring a claim against a service provider. Instead, the proper claimant in an action in respect of which a wrongdoing is alleged to have been committed against the Fund by a service provider is, *prima facie*, the Fund itself.

10.4 Changes to this Prospectus

The Board of Directors, in close cooperation with the Management Company, may from time to time amend this Prospectus to reflect various changes it deems necessary and in the best interest of the Fund, such as implementing changes to laws and regulations, changes to a Sub-Fund's objective and policy or changes to fees and costs charged to a Sub-Fund or Share Class. Any amendment of this Prospectus will require approval by the CSSF prior to taking effect. In accordance with applicable laws and regulations, investors in the Sub-Fund or Share Class will be informed about the changes and, where required, will be given prior notice of any proposed material changes in order for them to request the redemption of their Shares should they disagree.

10.5 Documents available

Investors may, upon request, obtain a copy of the Articles of Association, this Prospectus, the applicable KIID, the latest Annual Report or Semi-Annual Report from the Fund free of charge and may review the agreements with the Management Company, the Administrator, the

Investment Manager, the Distributor(s) and the Depository and Paying Agent at the registered office of the Fund.

The Management Company and the Investment Manager have adopted a “best execution” policy with the objective of obtaining the best possible result for the Fund when executing decisions to deal on behalf of the Fund or placing orders to deal on behalf of the Fund with other entities for execution. Further information on the best execution policy may be obtained from the Management Company upon request.

The Management Company has a strategy for determining when and how voting rights attached to ownership of a Sub-Fund’s investments are to be exercised for the exclusive benefit of the Sub-Fund. A summary of this strategy as well as the details of the actions taken on the basis of this strategy in relation to each Sub-Fund may be obtained from the Management Company upon request and on www.ubs.com/fml-policies.

10.6 Complaints

Any investor having a complaint to make about the operations of the Fund may file a complaint by writing to the Management Company. Details on the complaints handling procedure may be obtained from the Management Company upon request and on www.ubs.com/fml-policies.

10.7 Data protection

In accordance with the applicable Luxembourg data protection law and, as of 25 May 2018, the Regulation n°2016/679 of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (“**Data Protection Law**”), the Fund, as data controller, collects, stores and processes, by electronic or other means, the data supplied by investors for the purpose of fulfilling the services required by the investors and complying with its legal and regulatory obligations. The data processed includes in particular the name, contact details (including postal or email address), banking details, invested amount and holdings in the Fund of investors (“**Personal Data**”). The investor may at his/her discretion refuse to communicate Personal Data to the Fund. In this case, however, the Fund may reject a request for Shares. Each investor has a right to access his/her Personal Data and may ask for Personal Data to be rectified where it is inaccurate or incomplete by writing to the Fund at its registered office, as indicated in the Directory.

Personal Data supplied by investors is processed in order to subscribe for Shares in the Fund, for the legitimate interests of the Fund and to comply with the legal obligations imposed on the Fund. In particular, the Personal Data supplied by investors is processed for the purposes of processing subscriptions, redemptions and conversions of Shares and payments of dividends to investors, account administration, client relationship management, performing controls on excessive trading and market timing practices, tax identification as may be required under Luxembourg or foreign laws and regulations (including laws and regulations relating to FATCA or CRS) and compliance with applicable anti-money laundering rules. Data supplied by shareholders is also processed for the purpose of maintaining the register of shareholders of the Fund. In addition, Personal Data may be processed for the purposes of marketing. Each investor has the right to object to the use of its Personal Data for marketing purposes by writing to the Fund.

The Personal Data may also be processed by the Fund’s data processors (the “**Processors**”) which, in the context of the above mentioned purposes, refer to the Management Company, the Depository, the Administrator, the Paying Agent, the Investment Manager, the Global Distributor and Distributors, the Auditor and the legal adviser. The Processors may be located either inside or outside the European Union and, in particular, in the United States of America, Norway and Switzerland. Any transfer of Personal Data to the Processors located in the United

States of America, Norway and Switzerland relies on adequacy decisions of the EU Commission pursuant to which the United States of America, Norway and Switzerland are considered to offer an adequate level of protection for Personal Data. The Fund may also transfer Personal Data to third- parties such as governmental or regulatory agencies, including tax authorities, in or outside the European Union, in accordance with applicable laws and regulations. In particular, such Personal Data may be disclosed to the Luxembourg tax authorities, which in turn may acting as data controller, disclose the same to foreign tax authorities.

In accordance with the conditions laid down by the Data Protection Law, the investors acknowledge their right to:

- access their Personal Data;
- correct their Personal Data where it is inaccurate or incomplete;
- object to the processing of their Personal Data;
- ask for erasure of their Personal Data;
- ask for Personal Data portability.

The investors may exercise the above rights by writing to the Fund at the following address: 33A, avenue J. F. Kennedy, L-1855 Luxembourg, Grand Duchy of Luxembourg.

The investors also acknowledge the existence of their right to lodge a complaint with the National Commission for Data Protection (“**CNPD**”) at the following address: 1, avenue du Rock’n’Roll, L-4361 Esch-sur-Alzette, Grand Duchy of Luxembourg.

Personal Data will not be retained for a period longer than necessary for the purpose of the data processing, subject to applicable legal minimum retention periods.

10.8 Merger and reorganisation

10.8.1 Merger of the Fund or a Sub-Fund with other UCITS

The Board of Directors may decide to proceed with a merger (within the meaning of the 2010 Law) of the Fund with one or several other Luxembourg or foreign UCITS or sub-funds thereof. The Board of Directors may also decide to proceed with a merger (within the meaning of the 2010 Law) of one or several Sub-Funds with one or several other Sub-Funds within the Fund, or with one or several other Luxembourg or foreign UCITS or sub-funds thereof. In accordance with the provisions of the 2010 Law, a merger does not require the prior consent of investors except where the Fund is the absorbed entity, which thus ceases to exist as a result of the merger: in such case, the general meeting of shareholders of the Fund must decide on the merger and its effective date. The general meeting will decide by resolution taken with no quorum requirement and adopted by a simple majority of the votes validly cast.

Notwithstanding the powers conferred on the Board of Directors by the preceding paragraph, the investors of the Fund or any Sub-Fund, as applicable, may also decide on any of the mergers described above as well as on the effective date thereof by resolution taken by the general meeting of shareholders of the Fund or Sub-Fund. The convening notice will explain the reasons for and the process of the proposed merger.

In any case, the merger will be subject to the conditions and procedures imposed by the 2010 Law, in particular concerning the common draft terms of the merger to be established by the Board of Directors and the information to be provided to investors.

10.8.2 Absorption of another UCI by the Fund or a Sub-Fund

The Board of Directors may decide to proceed with the absorption by the Fund or one or several Sub-Funds of one or several sub-funds of another Luxembourg or a foreign UCI (other than a UCITS) irrespective of their form, or any Luxembourg or foreign UCI (other than a UCITS) constituted under a non-corporate form. The exchange ratio between the Shares and the shares or units of the absorbed UCI or sub-funds thereof will be calculated on the basis of the net asset value per share or unit as of the effective date of the absorption.

Notwithstanding the powers conferred on the Board of Directors by the preceding paragraph, the investors of the Fund or any Sub-Fund, as applicable, may also decide on any of the absorptions described above as well as on the effective date thereof by resolution taken by the general meeting of shareholders of the Fund or Sub-Fund. The convening notice will explain the reasons for and the process of the proposed absorption.

The Fund may absorb another Luxembourg or foreign UCI (other than a UCITS) incorporated under a corporate form in compliance with the 1915 Law and any other applicable laws and regulations.

10.8.3 Reorganisation of Share Classes

The Board of Directors may decide to reorganise Share Classes, as further described below, in the event that, for any reason, the Board of Directors determines that:

- (i) the Net Asset Value of a Share Class has decreased to, or has not reached, the minimum level for that Share Class to be managed and/or administered in an efficient manner;
- (ii) changes in the legal, economic or political environment would justify such reorganisation; or
- (iii) a product rationalisation would justify such reorganisation.

In such a case, the Board of Directors may decide to re-allocate the assets and liabilities of any Share Class to those of one or several other Share Classes, and to re-designate the Shares of the Share Class concerned as Shares of such other Share Class or Share Classes (following a split or consolidation of Shares, if necessary, and the payment to investors of the amount corresponding to any fractional entitlement).

Notwithstanding the powers conferred on the Board of Directors by the preceding paragraph, investors may also decide on such reorganisation by resolution taken by the general meeting of shareholders of the Share Classes. The convening notice will explain the reasons for and the process of the proposed reorganisation.

Investors will be informed of the reorganisation by way of a notice. The notice will be published and/or communicated to investors as required by applicable laws and regulations in Luxembourg and other jurisdictions where the Shares are distributed and posted on www.kersio.com. The notice will explain the reasons for and the process of the reorganisation.

10.9 Liquidation

10.9.1 Termination and liquidation of Sub-Funds or Share Classes

The Board of Directors may decide to compulsorily redeem all the Shares of any Sub-Fund or Share Class and thereby terminate and liquidate any Sub-Fund or Share Class in the event that, for any reason, the Board of Directors determines that:

- (i) the Net Asset Value of a Sub-Fund or Share Class has decreased to, or has not reached, the minimum level for that Sub-Fund or Share Class to be managed and/or administered in an efficient manner;
- (ii) changes in the legal, economic or political environment would justify such liquidation;
or
- (iii) a product rationalisation would justify such liquidation.

Investors will be informed of the decision to terminate a Sub-Fund or Share Class by way of a notice. The notice will be published and/or communicated to investors as required by applicable laws and regulations in Luxembourg and other jurisdictions where the Shares are distributed and posted on www.kersio.com. The notice will explain the reasons for and the process of the termination and liquidation.

Notwithstanding the powers conferred on the Board of Directors by the preceding paragraph, the investors of any Sub-Fund or Share Class, as applicable, may also decide on such termination by resolution taken by the general meeting of shareholders of the Sub-Fund or Share Class and have the Fund redeem compulsorily all the Shares of the Sub-Fund or Share Class at the Net Asset Value per Share for the applicable Valuation Day. The convening notice will explain the reasons for and the process of the proposed termination and liquidation.

Actual realisation prices of investments, realisation expenses and liquidation costs will be taken into account in calculating the Net Asset Value applicable to the compulsory redemption. Investors in the Sub-Fund or Share Class concerned will generally be authorised to continue requesting the redemption or conversion of their Shares prior to the effective date of the compulsory redemption, unless the Board of Directors determines that it would not be in the best interest of investors in that Sub-Fund or Share Class or could jeopardise the fair treatment of investors.

All Shares redeemed will generally be cancelled. Redemption proceeds which have not been claimed by investors upon the compulsory redemption will be deposited in escrow at the *Caisse de Consignation* in Luxembourg in accordance with applicable laws and regulations. Proceeds not claimed within the statutory period will be forfeited in accordance with applicable laws and regulations.

The termination and liquidation of a Sub-Fund or Share Class will have no influence on the existence of any other Sub-Fund or Share Class. The decision to terminate and liquidate the last Sub-Fund existing in the Fund will result in the dissolution and liquidation of the Fund in accordance with the provisions of the Articles of Association.

10.9.2 Dissolution and liquidation of the Fund

The Fund is incorporated for an unlimited period. It may be dissolved at any time with or without cause by a resolution of the general meeting of shareholders adopted in compliance with applicable laws.

The compulsory dissolution of the Fund may be ordered by Luxembourg competent courts in circumstances provided by the 2010 Law and the 1915 Law.

As soon as the decision to dissolve the Fund is taken, the issue, redemption or conversion of Shares in all Sub-Funds is prohibited. The liquidation will be carried out in accordance with the provisions of the 2010 Law and 1915 Law. Liquidation proceeds which have not been claimed by investors at the time of the closure of the liquidation will be deposited in escrow at the *Caisse de Consignation* in Luxembourg. Proceeds not claimed within the statutory period will be forfeited in accordance with applicable laws and regulations.

10.10 Remuneration policy

The board of directors of the Management Company has adopted a remuneration policy, the objectives of which are to ensure that the remuneration is in line with the applicable regulations, and more specifically with the provisions defined under (i) the UCITS Directive 2014/91/EU, the ESMA final report on sound remuneration policies under the UCITS Directive and AIFMD published on 31 March 2016, (ii) the Alternative Investment Fund Managers (AIFM) Directive 2011/61/EU, transposed into the Luxembourg AIFM Law dated from 12 July 2013, as amended from time to time, the ESMA guidelines on sound remuneration policies under the AIFM published on 11 February 2013 and (iii) the CSSF Circular 10/437 on Guidelines concerning the remuneration policies in the financial sector issued on 1 February 2010; and to comply with the UBS AG Remuneration policy framework. Such remuneration policy is reviewed at least annually.

The remuneration policy promotes a sound and effective risk management environment, is in line with the interests of the investor and discourages risk-taking which is inconsistent with the risk profiles rules or instruments of incorporation of such UCITS and AIFs.

The remuneration policy furthermore fosters compliance with the Management Company's and the UCITS' strategies, objectives, values and interests including measures to avoid conflict of interests.

This approach furthermore focuses amongst others on:

- The assessment of performance which is set in a multi-year framework appropriate to the holding periods recommended to the investors of the Sub-Funds in order to ensure that the assessment process is based on the longer-term performance of the Fund and its investment risks and that the actual payment of performance-based components of remuneration is spread over the same period.
- The remuneration of all staff members which is appropriately balanced between fixed and variable elements. The fixed component of the remuneration represents a sufficient high proportion of the total remuneration and allows a fully flexible bonus strategy, including the possibility to pay no variable remuneration component. The fixed remuneration is determined by taking into consideration the role of the individual employee, including responsibility and job complexity, performance and local market conditions. It is also to be noted that the Management Company may, on its own discretion, offer fringe benefits to some employees which are an integral component of the fixed remuneration.

Any relevant disclosures shall be made in the annual reports of the Management Company in accordance with the provisions of the UCITS Directive 2014/91/EU.

Investors can find more details about the up-to-date remuneration policy of the Management Company, including, but not limited to, a description of how remuneration and benefits are calculated, the identity of persons responsible for awarding the remuneration and benefits, including the composition of the remuneration committee (if any), are available on www.ubs.com/fml-policies. A paper copy of such document is available free of charge from the Management Company upon request.

11. TAXATION

11.1 Preliminary comments

The following Section is a short summary of certain important Luxembourg taxation principles that may be or become relevant with respect to the Fund and its Sub-Funds.

This Section does not purport to be a complete summary of tax law and practice currently applicable in Luxembourg and does not contain any statement with respect to the tax treatment of an investment in the Fund or any of its Sub-Funds in any other jurisdiction.

Furthermore, this Section does not address the taxation of the Fund or any of its Sub-Funds in any other jurisdiction or the taxation of any legal entity, partnership or undertakings for collective investment without legal personality in which the Fund holds an interest.

Prospective investors are advised to consult their own professional tax advisers in respect of the possible tax consequences of subscribing for, buying, holding, redeeming, converting or selling Shares under the laws of their country of citizenship, residence, domicile or incorporation.

The following summary is based on laws, regulations and practice currently applicable in the Grand Duchy of Luxembourg at the date of this Offering Document and is subject to changes therein, possibly with retroactive effect.

11.2 Taxation of the Fund

Under present Luxembourg law and administrative practice, neither the Fund nor any of its Sub-Funds is liable to any Luxembourg corporate income tax, municipal business tax, and net wealth tax. The Fund (or each Sub-Fund) is however liable in Luxembourg to a subscription tax of in principle zero point zero five (0.05) percent per annum computed on its net assets, such tax being payable quarterly on the basis of the value of the aggregate assets of the Fund (or each Sub-Fund) at the end of the relevant calendar quarter. The subscription tax is at a rate of zero point zero one (0.01) percent per annum for

- Sub-Funds whose sole objective is the collective investment in money market instruments and the placing of deposits with credit institutions;
- Sub-Funds whose sole objective is the collective investment in deposits with credit institutions;
- Sub-Funds or individual Share Classes reserved to one or more institutional investors.

Nevertheless, the Fund (or each Sub-Fund) is exempt from the subscription tax in the following cases:

- The value of assets represented by shares held in other UCIs, provided such shares have already been subject to this tax under the 2007 Law or under the 2010 Law;
- Sub-Funds
 1. the securities of which are reserved for institutional investors; and
 2. the exclusive object of which is the collective investment in money market instruments and the placing of deposits with credit institutions; and
 3. the weighted residual portfolio maturity of which does not exceed 90 days; and

4. that have obtained the highest possible rating from a recognised rating agency;
- Sub-Funds the securities of which are reserved for (i) institutions for occupational retirement provision, or similar investment vehicles, set up on one or several employers' initiative for the benefit of their employees and (ii) companies of one or several employers investing the funds they own, in order to provide their employees with retirement benefits; or
 - Sub-Funds whose main objective is the investment in microfinance institutions.

No other stamp duty or other tax is payable in Luxembourg on the issue of Shares.

The Fund is liable for a flat registration duty of seventy five EUR (EUR 75.-) to be paid upon incorporation and upon future modification (if any) of its Articles of Association.

Dividends and interest, if any, received by the Fund or any of its Sub-Funds from investments may be subject to taxes and/or withholding taxes in the countries concerned at varying rates, such (withholding) taxes usually not being recoverable. The Fund and its Sub-Funds may be liable to certain other foreign taxes.

11.3 Taxation of shareholders

Under current law and practice in Luxembourg, the shareholders of the Fund are not liable to any taxation in Luxembourg in relation to the holding, sale, redemption or transfer of the Shares (except for those domiciled, resident or having a permanent establishment or a permanent representative in Luxembourg to which the Shares are attributable).

11.4 Withholding Taxes

Under current Luxembourg tax law, there is no withholding tax on any distribution, redemption or payment made by the Fund to its shareholders under the Shares. There is also no withholding tax on the distribution of liquidation proceeds to the shareholders.

11.5 Value added tax

In Luxembourg, regulated investment funds such as specialized investment fund have the status of taxable persons for value added tax ("VAT") purposes. Accordingly, the Fund is considered as a taxable person for VAT purposes without any input VAT deduction right. A VAT exemption applies in Luxembourg for services qualifying as fund management services. Other services supplied to the Fund could potentially trigger VAT and require the VAT registration of the Fund in Luxembourg. As a result of such VAT registration, the Fund will be in a position to fulfil its duty to self-assess the VAT regarded as due in Luxembourg on taxable services (or goods to some extent) purchased from abroad.

No VAT liability arises in principle in Luxembourg in respect of any payments by the Fund to its investors, to the extent such payments are linked to their subscription to the Shares and do, therefore, not constitute the consideration received for taxable services supplied.

11.6 FATCA

The FATCA Law requires Financial Institutions (within the meaning of FATCA) located in Luxembourg to report, when required, information on Financial Accounts held by US Specified Persons (within the meaning of the FATCA Law), if any, to the competent authorities.

Given that it is established in Luxembourg and subject to the supervision of the CSSF in accordance with the 2010 Law, the Fund anticipates that it will be treated as a FFI for FATCA purposes.

This status imposes on the Fund the obligation to regularly obtain and verify information on all of its shareholders. On the request of the Fund, each shareholder shall agree to provide certain information, including, in the case of a Non-Financial Foreign Entity (“**NFFE**”) (within the meaning of the FATCA Law), the direct or indirect owners above a certain threshold of ownership of such NFFEs, along with the required supporting documentation. Similarly, each investor shall agree to actively provide to the Fund within thirty days any information that would affect its status, such as for instance a new mailing address or a new residency address.

FATCA and the FATCA Law may require the Fund to disclose the names, addresses and taxpayer identification numbers (if available) of shareholders as well as information such as account balances, income and gross proceeds (non-exhaustive list) to the LTA under the terms of the IGA. Such information will be relayed by the LTA to the US Internal Revenue Services.

Additionally, the Fund is responsible for the processing of personal data and each shareholder has the right to access the data communicated to the LTA and to correct such data (if necessary).

Although the Fund will attempt to satisfy any obligation imposed on it to avoid imposition of FATCA withholding tax, no assurance can be given that the Fund will be able to satisfy these obligations. If the Fund becomes subject to a withholding tax as result of the FATCA regime, the value of the shares held by the shareholders may suffer material losses. The failure of the Fund to obtain such information from each shareholder and to transmit it to the LTA may trigger the 30% withholding tax to be imposed on payments of US source income and on proceeds from the sale of property or other assets that could give rise to US source interest and dividends.

Any shareholder that fails to comply with the Fund’s documentation requests may be charged with any taxes imposed on the Fund as a result of such investor’s failure to provide the information and the Fund may, at its sole discretion, redeem the shares of such shareholder.

Shareholders who invest through intermediaries are reminded to check if and how their intermediaries will comply with this US withholding tax and reporting regime.

Shareholders should consult a US tax advisor or otherwise seek professional advice regarding the above requirements.

11.7 Exchange of Information

Capitalized terms used in this section should have the meaning as set forth in the CRS Law, unless provided otherwise herein.

On 9 December 2014, the Council of the European Union adopted the Directive 2014/107/EU amending the Directive 2011/16/EU of 15 February 2011 on administrative cooperation in the field of taxation which provides for an automatic exchange of financial account information between Member States (“**DAC Directive**”). The adoption of the aforementioned directive has implemented the CRS and generalized the automatic exchange of information as of 1 January 2016.

In addition, Luxembourg signed the OECD’s multilateral competent authority agreement (“**Multilateral Agreement**”) to automatically exchange information under the CRS. Under this

Multilateral Agreement, Luxembourg automatically exchanges financial account information with other participating jurisdictions since 1 January 2016. CRS Law implements this Multilateral Agreement, jointly with the DAC Directive introducing the CRS in Luxembourg law.

Under the terms of the CRS Law, the Fund may be required to annually report to the LTA, the name, address, Member State(s) of residence, tax identification number(s), as well as the date and place of birth of i) each Reportable Person that is an Account Holder, ii) and, in the case of a Passive NFE, of each Controlling Person(s) that is a Reportable Person. Such information may be disclosed by the LTA to foreign tax authorities.

The Fund's ability to satisfy its reporting obligations under the CRS Law will depend on each investor providing the Fund with the information, including information regarding direct or indirect owners of each investor, along with the required supporting documentary evidence. Upon request of the Fund, each investor shall agree to provide the Fund such information,

Although the Fund will attempt to satisfy any obligation imposed on it to avoid any taxes or penalties imposed by the CRS Law, no assurance can be given that the Fund will be able to satisfy these obligations. If the Fund becomes subject to a tax or penalty as result of the CRS Law, the value of the Shares held by the investors may suffer material losses.

Any shareholder that fails to comply with the Fund's documentation requests may be charged with any taxes and penalties imposed on the Fund attributable to such investor's failure to provide the information and the Fund may, in its sole discretion, redeem the Shares of such shareholder.

Shareholders should consult their own tax advisor or otherwise seek professional advice regarding the impact of the CRS Law on their investment.

11.8 DAC6 – Disclosure requirements for reportable cross-border tax arrangements

On 25 June 2018, Council Directive (EU) 2018/822 ("**DAC6**") entered into force introducing rules regarding the mandatory automatic exchange of information in the field of taxation in relation to reportable cross-border arrangements ("**RCBAs**"). DAC6 is intended to provide the tax authorities of EU member states with comprehensive and relevant information about potentially aggressive tax-planning arrangements with the aim that this information will enable the authorities to react promptly against harmful tax practices and close loopholes by enacting legislation or by undertaking adequate risk assessments and carrying out tax audits.

The DAC6 obligations apply from 1 July 2020, but may require reporting of arrangements implemented between 25 June 2018 and 30 June 2020. The DAC6 generally requires EU intermediaries to report to their local tax authorities information about RCBAs, including details of the arrangement as well as identification information about the involved intermediaries and relevant taxpayers, i.e. the persons to whom the RCBA is made available. Subsequently, the local tax authorities exchange the information with the tax authorities of other EU member states. As such, the Fund may be legally required to file information that is within its knowledge, possession or control on any RCBA to the respective tax authorities. This legislation is capable of applying to arrangements that do not necessarily constitute aggressive tax planning.

12. SUPPLEMENT I – KERSIO LUX - KERSIO EQUITY

1. Launch date

10 May 2017

2. Reference Currency

The Reference Currency of the Sub-Fund is EUR.

3. Investment objective

The objective of the Sub-Fund is to provide investors with a return generated by a diversified portfolio of large, medium and small capitalisation stocks traded on the major organised markets of the OECD. There can be no assurance that the Sub-Fund will achieve its investment objective.

4. Investment policy and specific restrictions

The Sub-Fund will principally, i.e. up to 100% of its Net Asset Value, invest in stocks traded in the main OECD markets. Under normal conditions, the minimum investment in such stocks will be 80% of the Net Asset Value of the Sub-Fund. Under exceptional circumstances and on a temporary basis, the Sub-Fund exposure to such stock can be lowered to 50% of the Net Asset Value of the Sub-Fund.

The Sub-Fund is actively managed and will invest in instruments from OECD countries. The Sub-Fund has a focus on Europe, with an exposure exceeding 50% of the equity portfolio on a regular basis without a specific European mandate. The Sub-Fund seeks to achieve a performance equivalent to the Eurostoxx 50 Net Return index or higher, however without being required to mandatorily invest in the positions included in the Eurostoxx 50 Net Return index. The Sub-Fund will also invest outside the Eurostoxx 50 Net Return index's universe, depending on market capitalization, geographical and economic criteria. Therefore, the performance of the Sub-Fund may significantly deviate from the performance of the Eurostoxx 50 Net Return index. The Eurostoxx 50 Net Return index is only used for the purpose of performance comparison.

The Sub-Fund may invest up to 30% of its Net Asset Value in futures of the major stock indices, fixed income securities and currencies of OECD countries. Furthermore, the Sub-Fund may invest up to 20% of its Net Asset Value in stocks listed on some emerging global regulated markets.

Investments of up to 30% of its Net Asset Value of the Sub-Fund can also be made in options on indices and stocks referred to in the aforementioned paragraph traded on an organised market as well as in closed-ended exchange traded funds (ETFs) on the principal stock, qualifying as transferable securities within the meaning of section 4.1.1 (A) to (C) of the Prospectus, and fixed-income securities indices of OECD member states or indices of the principal precious metals or petrol indices traded on European or US organised markets.

The Sub-Fund may also invest up to 30% of its Net Asset Value in government bonds (including debt notes) with a minimum rate of 0.25%.

The Sub-Fund may also retain amounts in money market funds if it is considered appropriate to achieve the investment objective, including, without limitation, during portfolio rebalancing or to pay for any margin requirements.

The Sub-Fund may also hold on a temporarily basis ancillary liquid assets up to 20 % of the Sub-Fund's assets. The above-mentioned 20% limit can only be temporarily breached for a period of time strictly necessary when, because of exceptionally unfavourable market conditions, circumstances so require and where such breach is justified having regard to the interests of the investors.

The Sub-Fund may use financial derivative instruments such as futures and options traded in regulated organized markets.

The Sub-Fund is not permitted to invest in shares or units of UCITS or other UCI.

For the avoidance of doubt, the Sub-Fund may also invest in other assets in accordance with the rules and restrictions set out above in section 4 (Investment strategy and restrictions) of the general part of the Prospectus.

The Sub-Fund will, for the time being, not enter into repurchase and reverse repurchase transactions, total return swaps or engage in securities lending transactions or other transactions falling under the SFT Regulation. Should the Sub-Fund decide to use such techniques and instruments in the future, this Prospectus will be updated accordingly.

The Sub-Fund will not invest in assets not listed on or traded in an organised market, assets which have a rating below BB-, SICARs, money market funds, structured products with embedded derivative instruments, credit linked notes. Furthermore, the Sub-Fund will not invest in contingent convertible bonds, distressed debt securities, asset-backed securities or mortgage backed-securities.

5. Sustainability-related disclosures

Sustainability Risks are not systematically integrated due to the nature of the investment objective of the Sub-Fund and they are also not a core part of the investment strategy. The Sub-Fund does not promote particular Environmental, Social and Governance (ESG) characteristics or pursue a specific sustainability or impact objective. Sustainability risks are not relevant due to the nature of the investment objective of the Sub-Fund. Sustainability risks are currently not expected to have a material impact on the returns of the Sub-Fund. The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities (Art. 7 Taxonomy Regulation). This Sub-Fund complies with Article 6 of SFDR. As such it does not consider principal adverse impacts on sustainability factors due to its investment strategy and the nature of the underlying investments (Art. 7(2) SFDR).

6. Investor profile

The Sub-Fund is intended for investors seeking acceptable returns with reasonable risk. The Sub-Fund is intended as a long/medium term investment. Investors should consider their own personal circumstances and seek additional advice from their financial adviser or other professional adviser on their risk tolerance and investment horizon before investing in the Sub-Fund.

7. Specific risks

Investors should carefully read section 5 (General Risk Factors) of the Prospectus before investing in the Sub-Fund. Investors should also consider the following additional risks which are specific to the Sub-Fund.

Equity securities represent ownership interests in a company or corporation, and include common stock, preferred stock and warrants and other rights to acquire such instruments. The Sub-Fund will be subject to the risks associated with equities, the values of which in general fluctuate in response to the activities of individual companies, the general market and economic conditions. In particular, investors should be aware that equity and equity-related investments are subordinate in the right of payment to other corporate securities, including debt securities. The value of convertible equity securities is also affected by prevailing interest rates, the credit quality of the issuer and any call provisions. Fluctuations in the value of equity securities in which the Sub-Fund invests would cause the Net Asset Value of the Sub-Fund to fluctuate.

8. Global exposure

The global exposure of the Sub-Fund is calculated and monitored under the commitment approach. The global exposure of the Sub-Fund may not exceed its Net Asset Value.

9. Valuation

Each Business Day is a Valuation Day. The Net Asset Value per Share will be calculated as per each Valuation Day. With respect to this Sub-Fund, a Business Day is any day which is defined as a Business Day in the Prospectus.

10. Subscriptions

Each Valuation Day is a Subscription Day. The Cut-Off Time for subscription applications is 5.00 pm CET on a Subscription Day. The Subscription Settlement Period in the meaning of section 7.4.2 of the general part of the Prospectus is within two (2) Business Days after the Subscription Day.

Each initial and additional subscription by the investors for shares of the Sub-Fund is not limited to a maximum amount.

11. Redemptions

Each Valuation Day is a Redemption Day. The Cut-Off Time for redemption applications is 5:00 pm CET on a Redemption Day. The Redemption Settlement Period in the meaning of section 7.5.2 of the general part of the Prospectus is within two (2) Business Days following the Redemption Day.

12. Share Classes

The table below list all Share Classes established within the Sub-Fund. Certain Share Classes may currently not be active or may be unavailable to investors in certain jurisdictions. The list of active Share Classes currently available for subscription in each jurisdiction may be obtained from the Administrator or Distributor(s) upon request.

Share Class name	A-EUR	Z-EUR	M-EUR
Reference Currency	EUR	EUR	EUR
Initial Subscription Price per Share	100 EUR	1 EUR	100 EUR
Minimum Subscription	100 EUR	100 EUR	100 EUR
Minimum Additional Subscription	100 EUR	100 EUR	100 EUR
Minimum Holding	n/a	n/a	n/a
Maximum Subscription Fee	n/a	n/a	n/a
Maximum Redemption Fee	n/a	n/a	n/a
Management Fee	Fixed annual fee of EUR 20,000 plus max. 0.05% p.a. (min. EUR 30,000 p.a.)		
Investment Manager Fee	0.75% (if Net Asset Value up to EUR 60 million) 0.72% (if Net Asset Value > EUR 60 million)	0.75% (if Net Asset Value up to EUR 60 million) 0.72% (if Net Asset Value > EUR 60 million)	0.61% (if Net Asset Value up to EUR 60 million) 0.58% (if Net Asset Value > EUR 60 million)
Distribution Fee	0.10% p.a.	0.10% p.a.	0% p.a.
	Depository Fee max. 0.049% p.a. (min. 15,000 EUR p.a.)		
	Administrator Fee max. 0.08% p.a. (min. 30,000 EUR p.a.)		
Performance Fee	n/a	n/a	n/a
<i>Taxe d'abonnement</i>	0.05%	0.05%	0.05%

13. Distribution policy

There are no Share Classes distributing dividends.

14. Eligible Investors

Share Class A-EUR is open to retail and institutional investors.

Share Class Z-EUR is reserved for the employees of the Investment Manager responsible for the investment management of the Fund.

Share Class M-EUR is reserved for Feeder Fund(s).
